

Hightower™

FourUs® Booth

An ingenious modular zoning concept, the FourUs® Booth creates a room with opportunities. Award-winning designer Anders Nørgaard created FourUs® to easily harmonize with a diversity of surroundings, such as reception areas or meeting and transition spaces. The FourUs® Booth includes 2-seater sofas on either side with standard Ear Top. Base options include 4-leg and Sled, both in black matte powder coat. FourUs® plays well with accompanying pivot table (available in black), allowing users to easily move in and out of this clever booth.

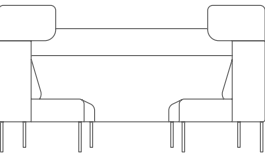

MODELS:
Sled base option also available. Visit our website for more information.
