

Hightower™

Bulb Fiction

Bulb Fiction consists of a hand-blown acid-treated opal glass shade and an aluminum suspension with a soft, organic shape. The fixture creates the illusion of a classic incandescent bulb and ensures a comfortable, soft light while hiding in a low energy light source. Used alone or in clusters, Bulb Fiction makes it possible to play with the design by tying knots in the cord or by gathering several lamps to form a modern chandelier. Hand-blown acid-treated opal glass shade White lacquered aluminum suspension. White silicone cord standard.
