

Hightower

FourCast®2 Wheeler

FourCast®2 Wheeler is a unique, adjustable chair designed to offer maximum comfort and ergonomic support thanks to the V-shaped back, and integrated tilt mechanism and lift. Black swivel base. Available in eight Polypropylene colors, two bentwood options, fully upholstered, or upholstered seat pads. White laminate tablet with black arm and added accessories also optional. Adjustable Seat Height ranges 17.5" to 22.64".
