

# Effective Influencing Skills

During this course you will learn to increase your influence in a natural way, creating goodwill using strengths while respecting others.

Our behaviour and style of communication determine the extent of our influence over others. But are you aware of your style? Are you able to adapt your style to the situation and your interlocutor? And how can you increase your influence?

During this course you will learn to increase your influence in a natural way, creating goodwill using your strengths while respecting others. This helps to get people on board, gain trust, put your ideas across clearly and motivate others.

## Features

## Study method

### Online intake

Before the course you will gain access to the interactive learning environment of ICM. Here you will fill in an online intake form in which you answer a number of questions to ascertain your personal learning goals. This way you are optimally prepared for the course.

### Practical meetings

Your learning goals are central to the meetings. By using questionnaires, exercises and directed feedback, this course is well adapted to real life situations. During the meetings there is extra opportunity for practice-oriented learning.

### Personal action plan

At the end of the training you will draw up a personal plan of action which will help you bring in to practice everything you have learned. Even when the course has ended you will still have unlimited access to the ICM learning environment.

### ICM-certificate

After completing the course, you will receive your ICM certificate.
