Grand Ballroom Floor Plan

Your Meeting Rooms, and On-Site Facilities

Kempinski Grand Ballroom is located on Level 11 of Grand Indonesia Shopping Town, West Mall. For the 2027 IFIAR Plenary Meeting, the ballroom is arranged into designated functional areas so that delegates can attend plenary sessions, lunch and breakout activities within the same venue complex.

Moving Around the Venue

On the hotel's floor plan, the ballroom rooms appear in sequence from A through D, with foyer and circulation spaces alongside them. The plan also identifies guest elevator access from Grand Indonesia Shopping Town, restrooms, a hospitality room, a VIP room, service areas and emergency exits. Some facilities and routes may be reserved for authorised personnel only.
Use the entrances and routes indicated by event signs and staff. In an emergency, follow the actual safety signage, alarms, directions of venue personnel and marked emergency exits. This guide does not replace the venue's official evacuation plan.

Need help finding a room? Ask the registration or venue support staff at the foyer.

BALLROOM C — Dining Hall

06 Before You Travel

Passport, Visa, Arrival Declaration, and Travel Preparation

Entry requirements for Indonesia vary by nationality, passport type, purpose of visit and length of stay. Check the immigration arrangement that applies to you well before departure. Participation in an IFIAR meeting does not, by itself, establish eligibility for a particular visa.

Ordinary Passport Holders

Eligible travellers may qualify for visa-free entry or a Visa on Arrival (VoA) / electronic Visa on Arrival (e-VoA). An eligible VoA normally permits a stay of up to 30 days, with an extension potentially available under the applicable rules. Other travellers may need a suitable visit visa in advance. The visa category must permit the intended meeting activities.

Diplomatic and Official / Service Passport Holders

Visa exemptions may apply under Indonesia's reciprocal agreements with particular countries, depending on the travel document and agreement. Supporting documents, such as an official assignment note or invitation, may be required. Please confirm with your institution or the nearest Indonesian Embassy or Consulate.

General Supporting Document

Carry a passport valid for at least six months from arrival, a return or onward ticket, proof of the purpose of your visit and any invitation or assignment documents required for your visa or entry arrangement.

All Indonesia Arrival Declaration

International travellers arriving in Indonesia must complete the All Indonesia digital arrival declaration, which combines immigration, customs, health and quarantine reporting. It can be completed from three days before arrival through the day of arrival and is free. Complete it before boarding where possible and keep the confirmation QR code. The declaration does not replace a visa when one is required.

- Check your passport, visa eligibility and any required assignment or invitation documents.
- Confirm flights and accommodation and keep your booking details.
- Complete All Indonesia, save the QR code and keep your return/onward itinerary accessible.
- Save the venue address, hotel details, Organising Committee contact and shuttle instructions.

Immigration requirements may change. Please verify the latest rules through official Indonesian immigration and diplomatic channels immediately before travelling.

Arriving in Jakarta

Most international delegates arrive at Soekarno–Hatta International Airport (CGK). The recommended destination for the initial airport transfer is Hotel Indonesia Kempinski Jakarta, Jl. M.H. Thamrin No. 1, Central Jakarta.

Airport journeys are arranged independently unless the Organising Committee expressly communicates otherwise. The hotel–venue shuttle (page 4) serves transfers before and after meetings, not airport arrivals.

Option 1
Direct Taxi or Ride-Hailing

After collecting your luggage, follow airport signs to the official taxi or designated ride-hailing pick-up area. Licensed Bluebird taxis provide a direct journey to the hotel; you may also use a supported ride-hailing app. The trip is approximately 30 km and may take around 45–75 minutes, depending on traffic, terminal and route. Avoid accepting unsolicited offers from unofficial drivers inside the terminal.

Option 2
Airport Train and Taxi

Follow signs for the airport Skytrain (Kalayang), where needed, to reach the Airport Train Station. Take the airport train to BNI City Station, approximately 40–50 minutes. Continue to Hotel Indonesia Kempinski Jakarta by licensed taxi or ride-hailing vehicle; allow approximately 5–15 additional minutes depending on traffic. Check the latest train schedule and ticketing before travel.

07

Getting Around Jakarta

MRT Jakarta offers a convenient north–south corridor, including Bundaran HI station near the venue area. TransJakarta connects many districts through its bus network. For point-to-point journeys, Bluebird taxis, GrabCar and GoCar are widely recognised options. Traffic can be heavy, especially at morning and evening peak hours; please allow extra time.

Useful Apps to Install

Google Maps — navigation, estimated travel times, places and public transport directions
MyBluebird — booking licensed Bluebird taxis
Grab — booking private car transport through GrabCar
Gojek — alternative car bookings through GoCar
MyMRTJ / JakLingko — optional public-transport information and supported ticketing/journey planning

Install a navigation app and at least one taxi or ride-hailing app before departure, and confirm that your account, mobile data and payment method work internationally.

Inaugurated by President Soekarno on 5 August 1962, Hotel Indonesia was created as Indonesia's first international five-star hotel as Jakarta prepared to welcome visitors to the 4th Asian Games. It was designed by architect Abel Sorensen under Soekarno's vision of a modern capital that would welcome guests from around the world. Over the decades it became closely associated with state receptions, diplomatic visits and cultural life in Jakarta, and after major revitalisation it welcomed guests again as Hotel Indonesia Kempinski Jakarta in 2009.

Bunderan HI – A Symbol of Welcome

Bundaran Hotel Indonesia (Bundaran HI), the famous roundabout near the venue, takes its name from Hotel Indonesia. Its centrepiece, the Welcome Monument (Monumen Selamat Datang), was created in 1962 ahead of the 4th Asian Games in Jakarta as a gesture of welcome to visiting athletes and international guests. The bronze sculpture depicts a young man and woman greeting arrivals, the woman holding a floral bouquet. The concept came from President Soekarno; the design was sketched by Henk Ngantung and executed by sculptor Edhi Sunarso and his team. Today it remains one of Jakarta's best-known symbols of hospitality and openness to the world.

Discover Jakarta Beyond the Meeting

If your schedule allows, enjoy a short walk around Bundaran HI and the Thamrin area; discover Indonesian performing arts and multimedia exhibitions at Galeri Indonesia Kaya; or explore the National Monument (Monas), which commemorates Indonesia's independence. Other cultural destinations include Istiqlal Mosque, Jakarta Cathedral and Kota Tua (Old Town), home to historic buildings and museums. Check opening times, visitor arrangements and appropriate dress before travelling.

Jakarta's food culture offers nasi goreng (fried rice), sate (grilled skewers) and gado-gado (vegetables with peanut sauce). If you have dietary restrictions or allergies, confirm ingredients with the restaurant or food provider.
