TEAM AVERERA, IIT (BHU) IN SHELL ECO-MARATHON ASIA-2019

Team Averera, an undergraduate automobile research team from IIT (BHU), working under Centre for Energy and Resources Development has been employing innovative technologies to design and develop ultra-energy efficient electric vehicles. The team consists of 15 members from various disciplines of IIT (BHU).

Since the establishment of the team in 2013, the team has been working hard to design, develop and test hyper energy efficient electric vehicle. The team continued the prolific run in Shell Eco-marathon Asia 2018 with an improvement of more than 150% achieving an efficiency of 349.6 km/kWh securing the 3rd position. Advancing on this trend, the team is now prepared to compete at the Shell Eco-marathon, Asia 2019, and have accordingly shipped their vehicle to the event site at Kuala Lumpur, Malaysia. The event is going to be held at the Sepang International Circuit from 29th April to 2nd May.
