

SAMPLE TOBACCO POLICY

PURPOSE

To set out the First Nations Health Organization's policy on the use of tobacco.

POLICY

The First Nations Health Organization shall be a smoke free facility. There shall be designated smoking areas for employees and clients.

POLICY APPLICATION

1. There is no smoking allowed in buildings of the First Nations Health Organization or the First Nations Health Organization vehicles.
2. A designated smoking area for employees is set outside the rear entrance to the building and four meters away from the entrance.
3. A smoking area for clients is in front of building four meters from the building entrance.
4. The First Nations Health Organization does not recommend the use of tobacco unless used for traditional purposes, but realizes that it is a personal choice of employees and clients.
