

# BEN CHINI

Progressive House & Techno Producer • Live Artist

---

## BIOGRAPHY

Ben Chini is an independent progressive house & techno producer based in the Netherlands. His sound is 100% handcrafted - no AI, no Splice, just human imperfection - somewhere between Paul Kalkbrenner, Gui Boratto and Stephan Bodzin.

Since July 2025, he has released 15 tracks, passed 250,000 streams, and landed 4 singles in the Beatport Top 100 - including Solace, which peaked during ADE with support from Deep Dish on Drumcode Radio. From European stages to the decks of Ibiza, his sound has found its way far beyond the studio. On November 21, that momentum continues with a new album, *Unfiltered Part II*.
