(Pdf free) 0 of 0 review helpful Very thoughtful and useful too long By Akamai22 I read Gary Schilling s first book about Deflation in the late 1990 s when everyone else was focused on the tech boom and INflation Needless to say it

was a different read but it was very valuable to me as I was about to retire and I wanted the fullest possible perspective before making some key decisions I am a retired banker with an advanced degree It is an easy way to learn from the experience of life. **Deflation: Strategies for Building Wealth in the Coming Wave of Deflation** talked a lot with a simple language, detail and interesting. You should have this books.
