(Mobile pdf) 0 of 0 review helpful A Treasure of Insights and Practical Formulae By David Phillips Some of the disparaging comments by others prompts me to offer a comment I believe those who have criticized this book have done so unfairly and out of ignorance Unfairly because they complain about what is not included The author

accomplished what he set out to do Out of ignorance because one reviewer quit after 50 pages he said **Applied Equity Analysis: Stock Valuation Techniques for Wall Street Professionals (McGraw-Hill Library of Investment and Finance)** is my first book that I read. This is a wonderful books title:Applied Equity Analysis: Stock Valuation Techniques for Wall Street Professionals (McGraw-Hill Library of Investment and Finance) I ever had. It makes a wonderful experience at the beginning when I get used to using my spare time to read books. You also have to feel this wonderful experience.
