By Steve Dalton : Financial Applications using Excel Add-in Development in C/C++ financial applications using excel add in development in cc is a must buy book for any serious excel developer excel is the industry standard for financial financial applications using excel add in development in cc by steve dalton 9780470027974 available at book depository with free delivery worldwide Financial Applications using Excel Add-in Development in C/C++:

[Free] 17 of 17 review helpful Lots of content but badly organized By Customer It s a 500 page book plus thousands of lines of source code so your answers are in there somewhere But the whole product is painfully disorganized The source code does not provide an adequate solution to producing Excel add ins it is just too brittle hard to modify maintain and confusing There are 141 functions that read if Ex Many thanks to the Emma who told me a lot about this Financial Applications using Excel Add-in Development in C/C++. Until I was interested to read it. **Financial Applications using Excel Add-in Development in C/C++**

has meaningful and a valuable lesson.
