By Colin Barrow, John A. Tracy : Understanding Business Accounting For Dummies

03092004 understanding business accounting for dummies has 31 ratings and 3 reviews not everyone is cut out to be a professional accountant but those who want to get your head around company finance whether you're a small business owner or a corporate manager with budget responsibilities having an understanding of your Understanding Business Accounting For Dummies:

[Download free ebook] 15 of 15 review helpful Missed that it was written in the UK By D Vining When I ordered this book I somehow missed that it was written based on accounting methods used in the UK Although General Accounting Practice are very similar between the UK and the US it is a little odd dealing with everything referred to in pounds sterling plus a few other differences I see now looking at the description that comes does NOT This book is always there in my bag. So anytime it was easy for me to read **Understanding Business Accounting For Dummies** despite having read repeatedly.
