[Download ebook] 10 of 10 review helpful The Bible and maybe ready for a new edition By Erik Lehtis This book stands alone as the go to volume for anyone interested in understanding what Eurodollar futures are how they came to be and what they are used for This should come as no surprise given that the author had a major hand in the invention of the Eurodollar contract More abstract issues for professional traders including convexity This books is always there in my bag. So anytime it was easy for me to read **The Eurodollar Futures and Options Handbook (McGraw-Hill Library of Investment and Finance)** despite having read repeatedly.
