

---

We are excited to be able to host our clientele in-person in our New York City showroom beginning October 12, 2020 and would like to share our current Showroom Policies and Safety Protocols. As the health and safety of our clients and staff remain our number one priority, we ask that you please take the time to read these policies ahead of your scheduled appointment. If you have any questions or concerns, please email [info@lindseyadelman.com](mailto:info@lindseyadelman.com) for assistance.

We ask that visitors have not traveled outside of NYC in the two weeks prior to their appointment.

We ask that visiting parties be limited to 3 people maximum

Prior to your appointment, the Sales Associate will have washed their hands, thoroughly disinfected all surfaces, and opened showroom windows for ventilation.

To enter the building, ring the buzzer for Lindsey Adelman Studio Showroom and take the elevator up to the 7th Floor. The sales associate will greet you at the door upon your arrival.

We will provide hand-sanitizer and masks for your use during the appointment, as well as disinfecting wipes to wipe down surfaces as needed.

Masks must be worn at all times and a distance of 6 feet must be maintained during your appointment.

We also ask that visitors not touch any fixtures or samples. Your Sales Associate will be happy to present materials for you to review at a safe distance and will package any take-home samples with gloved hands.
