ADVANTAGES OF SCO IN RETAIL

An aerial architectural rendering of a modern, multi-story commercial building. The building features a prominent green roof with a central courtyard area. The facade is composed of large glass panels and vertical slats, allowing for high visibility. The building is situated at a street corner, with access from three sides. The surrounding area is lush with green trees and a well-maintained road with several cars. The overall scene is set during the day, with soft lighting and shadows cast across the ground.
