FAQs

What if I have more than one van?

If you have more than one van, you will be set up with a manager app where you will be able to assign jobs to different drivers in your team.

How many jobs will I get each day?

We will start by only sending a small amount of work to make sure that the app is being used properly. The amount of jobs we provide will then depend on how well you use the app, the quality of pictures that you take, and punctuality to jobs.

How are jobs priced?

We price our jobs based on the weight / volume of the waste. Each price includes a time limit too.

Can I accept cash payments from customers?

Under no circumstances can you accept a cash payment from a customer. All payments will be made directly through Litta to partners.
