Indoline

power to deliver.

Think Future, Think Indoline

Our journey began thirty years ago in 1989 as an offshoot of the Al Huzaifa Group, a Dubai-based firm with multiple interests. What started off as an interest in customized furniture, Indoline over the decades has grown into a leading modular furniture manufacturing company of India.

Apart from including the whole gamut of manufacturing capabilities, Indoline also has a vast range of clientele, from residential to hospitality, from retail to organisational. This unique combination allows Indoline to offer a wide variety of highly customised modular solutions with the best-in-class quality and after-sales service.

In addition to an ISO certification, Indoline also holds the distinction of being a GREENCO Certified company – an achievement that proves our dedication to environmental consciousness.

 - Contribute to the society through contribution to social causes
 - Contribute to the future of this planet through green initiatives

Indoline

Purpose of existence

• Provide **innovative**,
designer modular solutions

• Be a **leader** in every
product/vertical and market

• Be a **global** brand

Indoline

kitchen collection

From the house of Indoline comes this spectacular range of **modular kitchens** that stand in a class of their own through a unique combination of **aesthetics** and **functionality**.

Shunning the conventional piece-meal approach, these ergonomic kitchens are designed to work cohesively as a unit. Visually, these designs carry an unparalleled confluence of colors and finishes that elevate the simple household kitchen to a space that provides warmth and comfort. Through this range, we endeavor to infuse pleasure and ease into the act of cooking.

Afterall, the space that feeds the family should be a space that feeds the heart as well.

Earthy and Contemporary.

An island in stone finish with matching skirting in matt painted finish complements other UV Lacquered surfaces in the kitchen and a glass unit with a hint of stone completes the look to highlight an earthy yet contemporary style.

Indoline

Form, function and praises.

The Form of a completely handle less island kitchen that includes open storage units, matching skirting in matt painted finish is given Function by a matching breakfast table that comes with tall unites covered in anthracite and Acrylic.

Ambient lighting meets function.

Veneers with flow-of-grain patterns grace this kitchen with an elegant yet comfortable ambience. Base units in Scratch Resistance Acrylic, Exclusive Profile Glass Shutters, matching skirting in matt painted finish, matching breakfast table and chairs, and a wall unit ensures that the design is both ambient and functional.

Dual tones - many moods.

Wooden brown and minimalistic white set the mood while back-painted satin glass on a seamless profile, matching doors, matching skirting in matt painted finish and a table topped off with complimenting chairs give this dual toned design a perfect finish.

Contemporary meets traditional.

Solid wood doors splashed with a generous amount of white and just enough brown come together with an island, matching skirting in matt painted finish and unique lighting to make this design the perfect fusion of contemporary and traditional.

Warm, natural and neutral.

Tall units with a natural wooden finish compliment the exquisite matching skirting in matt painted finish and ivory lacquer texture of the units and the wooden handles to give this design a warm and natural look.

Ultra-modern and ultra-sleek.

Exclusive Bronze Lacquer and golden laminates effortlessly clothe curved units with painted handles & matching skirting in matt painted finish, while a touch of bronze and the right kind of lighting transports this design into a whole new dimension.

Minimalism with a hint of colour.

High Gloss Lacquered Handle-less units & matching skirting in matt painted finish rise from a sleek mono-chromatic background matching with almost every piece with an occasional peek of just the right amount of color.

Comfortably compact.

High Gloss Cappuccino and Ivory coloured surfaces with matching matt finished handles & matching skirting in matt painted finish blend comfort and refinement while the intelligently designed units make the most of every inch of space.

**More space equals
more ideas.**

PVC, Acrylic and satin glass and matching skirting in matt painted finish to the dado come together to create a spacious, practical and linear design that ensures ideas can brew without restrictions.

Clean, sleek and fresh.

A straight Acrylic kitchen with clean lines, matching Gola Profile, skirting in Matt painted finish and unique colors blends utility with just the right amount of fun.

Compact yet fun.

A beautiful combination of white and blue wherein the cheerful blue pops out and adds just the right amount of fun and the matching Gola Profile and Skirting in Matt painted finish perfectly optimizes space and height.
