

EMBERWELL

burn notes · one-pager

Forest taper

Pair, 10 inch beeswax, cotton wick. Pine table evenings.

Ember jar

8 oz amber glass, brass lid. Nightstand slow burn.

Poured in Portland. Sample product document.

How to burn

Trim the wick to 1/4 inch before each light.

Let the melt pool reach the glass on the first burn.

Snuff, do not blow. Brass snuffer lives with the jar.

Fictional maker brand for demonstration. Not a shop listing.
