User Tracking Software

Use of Tracking Technologies

Our software utilizes various user tracking technologies, including but not limited to api-js, js.stripe, m.stripe, r.stripe, maps.googleapis, google, - firebase, maps, Algolia, and Mixpanel, to enhance user experience, gather insights, and improve our services. These technologies help us understand how users interact with our software, identify trends, and make informed decisions to optimize performance and functionality.

Additionally, prior to July 12, 2024, our software contained an inactive Meta Pixel for various individual user tracking purposes. This was removed on July 12, 2024. We incorporated "pixels" provided by Meta Platforms, Inc. (1 Hacker Way, Menlo Park, CA 94025, USA) on our website. This enabled us to track user behavior after they click on a Facebook ad and are redirected to our website. By doing so, we could assess the effectiveness of Facebook ads for statistical and market research purposes and sometimes retarget certain users. Please note that the data collected through this process remains anonymous to us, meaning we do not have access to personal information of individual users. However, Facebook stores and processes this data. Therefore, we are providing you with this information based on our current understanding. It's important to be aware that Facebook may associate this information with your Facebook account and utilize it for its own promotional activities, in accordance with Facebook's Data Usage Policy found at [HTTPS://BIT.LY/43CYBSU](https://bit.ly/43CYBSU). You have the option to authorize Facebook and its partners to display advertisements on and off Facebook ([HTTPS://BIT.LY/3QJ4VOA](https://bit.ly/3QJ4VOA)). Additionally, a cookie may be stored on your computer for these purposes.

Data Collection

When you use our software, these tracking technologies may collect and process the following types of information:

- Usage Data: Information about how you interact with our software, including pages visited, features used, and time spent on each page.
- Device Information: Details about the device and software you use to access our services, such as IP address, operating system, browser type, and unique device identifiers.
- Event Data: Data related to specific actions you take within the software, such as button clicks, form submissions, and navigation paths.

Purpose of Data Collection

The data collected through Mixpanel, Meta Pixel, and similar tracking technologies are used for various purposes, including but not limited to:

- Improving User Experience: To analyze user behavior and preferences to enhance the usability and functionality of our software.
- Performance Monitoring: To identify and fix bugs, improve load times, and ensure the software operates smoothly.
- Feature Development: To understand which features are most valuable to users and prioritize future development accordingly.

User Consent and Control

By using our software, you consent to the use of tracking technologies as described in this section. You have the option to manage your preferences and control the collection of data through various means:

- Browser Settings: You can configure your browser to block or notify you about tracking technologies.
- Opt-Out Mechanisms: We provide opt-out options where applicable, allowing you to disable tracking for certain activities or data collection when you email our contact email at hello@markitsocial.net.
- Privacy Settings: Access the privacy settings within our software to manage your data preferences and control how your information is used.

Third-Party Services

Please note that api-js, js.stripe, m.stripe, r.stripe, maps.googleapis, google. - firebase, maps, Algolia, and Mixpanel, and other third-party tracking services have their own privacy policies and data handling practices. We encourage you to review these policies to understand how your data may be processed by these providers.

Changes to This Section

We reserve the right to update or modify this section at any time to reflect changes in our practices or applicable laws. Any changes will be effective immediately upon posting the revised terms. Your continued use of our software after such changes signifies your acceptance of the updated terms.

If you have any questions or concerns about our use of tracking technologies, please contact us at hello@markitsocial.net

You should also help protect your data by appropriately selecting and protecting your password and/or other sign-on mechanism; limiting access to your computer or device and browser; and signing off after you have finished accessing your account. Although we work to protect the security of your account and other data that we hold in our records, please be aware that no method of transmitting data over the internet or storing data is completely secure.

We retain Personal Data about you for as long as you have an open account with us or as otherwise necessary to provide you with our Services. In some cases we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation.
