

# MEAGHER COUNTY STEWARDSHIP COUNCIL

## Small Town, Big Sky: A Documentary

We are thrilled to announce the premiere of an important documentary brought to you by the Meagher County Stewardship Council. This film, directed by the talented David Thompson and Ben Pierce of Brickhouse Creative, delves into the heart of Meagher County's growth and the future prospects of our beloved community.

The documentary showcases insights from local leaders and community members, exploring the balance between preserving our rural heritage and embracing sustainable development. Accompanying our visuals, the captivating soundtrack produced especially for this project by the Creekwalkers enhances the narrative, embodying the spirit of Meagher County.

You can watch the premiere on our YouTube channel or directly on our website. We invite you to view the film and join us in a conversation about our community's future.

We extend our deepest gratitude to the Montana Film Office, the Greater Montana Foundation, the Charles M. Bair Trust, and Sandfire Resources for their support in making this documentary possible.

## Housing Master Plan Update

We are excited to share the latest developments in our Housing Master Plan for the hospital property, which is set to significantly enhance residential options in Meagher County. Following our recent presentations to the hospital board and city/county planning boards, we've incorporated valuable feedback that is shaping the plan's direction.

The draft concept focuses on creating a diverse mix of housing options that cater to various demographics. This initiative aims to address the critical housing shortage in our area and integrate seamlessly with the surrounding community through thoughtful landscaping and accessible amenities. As we refine the plan, we are committed to incorporating sustainable building practices and ensuring that all developments respect our scenic landscape and community ethos.

Stay tuned for more updates as we continue to finalize the plan. We encourage all community members to get involved in the upcoming discussions as your insights are invaluable to the success of this project.

The Meagher County Stewardship Council shepherds efforts to safeguard and enhance the natural resources, culture, and economic interests of Meagher County for the benefit of current and future generations.

## River Conditions Tool

- Displays real-time and historical data of key river indicators, such as water levels and flow rates
- Visualizes data in graphs and charts, making it easy to understand trends and changes over time
- Provides location-specific information relevant to the Smith River in Meagher County
- Offers insight into river dynamics by tracking changes in water levels and flow
- Aids in informed decision-making for anglers, recreational users, and others interested in river activities
