Mold Remediation Proposal

Owner: Jim DiMaggio
Contact: Jonathan Ashbridge

Project: 32 Nichols Ave Avon, MA 02322

Affordable Environmental, Inc. is pleased to provide the following proposal for the mold remediation of the backside drywall around the basement water meter area located at: **32 Nichols Ave Avon, MA 02322**. Affordable will treat the drywall and metal studs surfaces in the area with Fiber Lock Shockwave fungicide to kill any existing mold spores. Once this process has been completed Affordable will then apply Fiber Lock Shockwave mold stain remover to help with the discoloration of the surface the contamination may have caused. Once both cleaning product are finished being applied then Affordable will encapsulate 12 inch's up from floor level in this area with white mold resistant paint. All work will be performed in fully contained space and under negative air pressure for the length of the project.

Price:
$600.00

Estimated time of completion- 1 working day

All work shall be performed according to Federal, State and Local regulations.
If proposal is accepted, sign and return with a **1/3 deposit of: $ waived- Payment Upon Completion**
