Michael University

ALMA MATER

WRITTEN BY MRS. ROBYNN B. K. ROBERT

JULY 17TH, 2009

We are soldiers marching on to victory,
Boldly standing proud, for all the world to see.
We fought many battles but still won the war,
Heads held high like eagles we soar.

The knowledge you'll gain will open many doors,
Create new opportunities you've never had before.
True dreams are realized with every course you take,
The cycle of ignorance we have pledged to break.

McHari International is a college for all,
Join in the Spring, Winter or the Fall.
Founded in the year 1979,
Just for me and you programmes were designed.

Graduates today and those yet to come,
Join our celebration no matter where you're from.
Successful careers at whatever the choice,
Armed with credentials we now have a voice.

Shout boldly its virtues,
Let us all call the name.
Our college will live on forever,
McHari International we all proclaim.

Michael University

PHILOSOPHY & HISTORY

Michael University is a unique private learning organisation of higher education for adults based in Nassau, Bahamas, on New Providence Island. The philosophy of Michael University is to promote a better world through educational and cultural encounters.

Michael University (formerly ICS Bahamas, a correspondence school) was founded in 1979 by Dr. Kevin J. Turnquest, Chancellor of the College; The Honorable Dr. Justice Nicholas Liverpool, former Appeal Court Judge in Belize and now President of Dominica; Ms. Kendolyn Cartwright, Attorney-at-Law and first President of Michael University; Rev. Emmette Weir; Dr. Richard Clarke of Pennsylvania; and the late Sir Leonard Knowles, first Chief Justice of The Bahamas.

Michael University has its license with the Office of the Attorney General as a non-profit organisation and is registered with the Bahamas Ministry of Education. The University is also an Executive Member of the Association of Tertiary Institutions in The Bahamas, which is the body responsible for promoting acceptable standards in tertiary institutions.

Since 1979, over 11,000 students have graduated and achieved various diplomas and degrees from Michael University. In addition, Michael University has awarded scholarships to many Bahamians.

In 1990 [until 2001] Michael University launched the Developmental Skills Diploma Programme, headed by the late Mrs. Agatha Collie; the late Mr. Kenneth Palmer, former CEO of Bahamas Copier; and Dr. Kenneth Francis, C.B.E., former Publisher and General Manager of The Nassau Guardian (1844) Ltd., along with 64 Bahamian teachers. Michael University trained over 3,000 individuals, including staff preparing to enter the workforce of Atlantis Resorts. Among these individuals in the Developmental Skills Diploma Programme were 600 young people, many of whom were involved in violent crimes. Dr. Turnquest mentored them and provided positive role models and unconditional love for many of whom were former gang members, along with teaching educational skills.

Many of the young people who completed the Developmental Skills Diploma Programme have gone on to become productive and successful professionals.

Michael University offers courses leading to certificates, diplomas, and vocational studies as well as academic programmes. On June 10, 1999, Michael University was registered with the Bahamas Ministry of Education to offer the Diploma, Associate's and Bachelor's Degree Programmes in International Trust Administration. On August 25, 1999 the Ministry of Education also registered Michael University to offer the Master's Degree Programmes in International Trust Administration and Investment Management as part of its mission to make education affordable and convenient for all students locally and internationally.

Since then, Michael University has increased its course offerings to include other degree programmes, namely, but not limited to:

- 5. Psychology
- 6. Guidance & Counseling
- 7. Doctor of Psychology: Clinical Psychology (Psy.D.)
- 8. Doctor of Philosophy in Organizational Leadership
- 9. Doctor of Philosophy in Environmental Sciences, Studies & Policy

In addition, Michael University offers courses and workshops in adult education and worldwide seminars. In short, our educational efforts are relevant to people of all ages and backgrounds, stressing a multicultural, ethical, and environmental approach. The University is particularly suitable for the 'Global Village'. A central concept in our educational philosophy is that people of the world have the fundamental right to know what is going on. The University is also very concerned with ethics and the environment in all of our endeavors. Therefore, courses in all of these areas are offered to foster a common base of understanding and operation amongst our community.

Michael University has formed an internal Quality Assurance Committee to assist in the provision of outstanding education in certificate, diploma, undergraduate, graduate and professional areas by fostering the improvement of quality in education and all related services provided. This internal Quality Assurance Committee reports to the Board of Governors of the University, who oversees the Committee's operations. This Committee aims to ensure that there are appropriate procedures for the assurance of quality within the University and for the promotion of quality improvement in both teaching and non-teaching areas for the benefit of students, locally and globally.

Michael University is a part of the new global community, and is, as noted, multicultural in outlook. The University sees itself as being part of the frontiers of the new international information age. The selection of texts and other international literature to accompany our curricula, our methods including audio and visual aids, telecourses, on-site seminars, and our immense efforts to bring together students from diverse cultures all over the world are all part of our multicultural philosophy.

Part of our goals is to help develop a world of peaceful existence and environmental sustenance, while calling all cultures to unite.

Michael University entered into Articulation Agreements with the **Ministry of Higher Education** (May 5, 2003), **Havana University** (August 24, 2006) and **The Higher Technical University “Jose Antonio Echeverria” (Cujae)** (August 30, 2006), all in the Republic of Cuba. By virtue of these agreements all students have access to all of the universities’ libraries, scientific and technical materials. The Ministry of Higher Education, Havana University and The Higher Technical University “Jose Antonio Echeverria” will also facilitate its infrastructure for the developing of all the courses, events, conferences, seminars and workshops in the scientific or academic fields agreed by all parties. Note that the universities’ libraries are also online and may be accessed by students while in the Republic of Cuba.

In 2006 Michael University established a School of Pharmacy and currently has students registered in the Bachelor of Science Degree Programme in Pharmacy and the Master of Science Degree Programme in Clinical Pharmacy in both Nassau and Freeport, The Bahamas. The Dean of the School of Pharmacy is Dr. Miriam Cires; the Registrar of the School of Pharmacy is Dr. Maura Wade; and the President of the School of Pharmacy is Dr. Vivienne Lockhart. The lecturers and professors for the Pharmacy Programmes travel from the Republic of Cuba to facilitate these programmes in fulfillment of the Articulation Agreements signed. Students also travel to the Republic of Cuba for their internship.

In 2007 Michael University established a School of Facility Management and currently has students registered in the Bachelor of Science Degree Programme in Facility Management.

By the year 2012, Michael University’s global vision is to have its own campus in New Providence, The Bahamas.

Motto: Persistence prevails when all else fails.

Now Thank We All Our God

(Martin Rinkart)

Now thank we all our God, with heart and hands and voices,
Who wondrous things has done, in Whom this world rejoices;
Who from our mothers' arms has blessed us on our way
With countless gifts of love, and still is ours today.

Oh, may this bounteous God through all our life be near us,
With ever joyful hearts and blessed peace to cheer us;
And keep us in His grace, and guide us when perplexed;
And guard us through all ills in this world, till the next!

All praise and thanks to God the Father now be given,
The Son and Him Who reigns with Them in highest Heaven;
The one eternal God, Whom earth and Heav'n adore;
For thus it was, is now, and shall be evermore.
