

# ALPHA OMEGA MIDPOINT

We are college-aged disciples that are serious about following Jesus and changing the world, and we'd love to have you join us.

**A few words that describe our ministry are:**  
Biblical, intentional, transformational, relational, and reconciliation.

Jesus says that *if* we hold to his Word then we are *truly* his disciples, and that *then* we will know the truth that sets us free (John 8:31-32). And this powerful truth — displayed in Christ's sacrifice — is not something that sets our minds free, but it *compels and controls* us so that we no longer live for ourselves. This is transformation! (2 Corinthians 5:14-15).

All this is from God! And he reconciled us to himself so that we can help others be reconciled. We see our status as students to be an intentional mission field for sharing the gospel.

**Our Discipleship is four-fold:**

- Rooted in the Word of God
- Denying of self in pursuit of transformation
- Outward focused in fishing for men
- Committed to one-another relationships
