(Mobile library) 1 of 1 review helpful Winners Losers and Microsoft By Robert Gavioli This book presents a compelling discussion of economic theory and offers scrutiny of several flawed theories of market failure with specific regard to Microsoft and the government s antitrust case against the software giant Winners Losers and Microsoft gives

noteworthy insight into the underlying assumptions of these deficient economic theories as we **Winners, Losers & Microsoft: Competition and Antitrust in High Technology** is my first book that I read. This is a wonderful books title:Winners, Losers & Microsoft: Competition and Antitrust in High Technology I ever had. It makes a wonderful experience at the beginning when I get used to using my spare time to read books. You also have to feel this wonderful experience.
