Dear Hiring Manager,

I am Musfique Ahsan Nishad, a software developer with a background in Computer Science and Engineering from Southeast University, Bangladesh. With hands-on experience as a developer at Lunitech, I specialize in full-stack web and mobile app development, as well as UI/UX design.

I've worked on projects like Tapeasy, an NFC-based contact-sharing platform, and 'Guess the Number,' an Android puzzle game. My technical skills include HTML, CSS, JavaScript, React, Node.js, SQL databases (MongoDB), Next.js, and React Native. I am also proficient in UI/UX design using Figma, as well as version control with Git and GitHub.

I am eager to contribute my skills to innovative teams that value creativity and problem-solving. Thank you for considering my portfolio, and I look forward to connecting.

Sincerely,

**Musfique Ahsan Nishad**
