Freelance Experience

Freelance React Developer

Worked with multiple clients across various industries, delivering web applications using React and other modern web technologies.

Collaborated with clients to understand their requirements and translate them into functional web applications.

Designed and implemented user interfaces that are responsive and aligned with clients' branding.

Managed projects independently, including planning, development, testing, and deployment.

Provided maintenance and support for existing web applications as needed.

Utilized Git for version control and communicated regularly with clients to provide updates on project progress.

Education

Commercial School in alkurdi five yers
