MESSAGE

Kedar Mal Bhala
KEDAR MAL BHALA
President

*World at time portrays to be a storm of problems and pain,
Behind that portrayal, there is treasure trove of happiness and gain,
Unlock this treasure, for the keys always lie within you.*

The current age is characterized by transformations in the realm of education, with innovative approaches redefining the learning experience for students. The onus is on the teaching fraternity to give prolific meaning to education and equip the children with such skills that provide them with the opportunities where they can fulfill their vision for the future. The school plays a pivotal role in imbining values, virtues, wisdom and integrity in the students in their blooming years. We need to recognise, appreciate, applaud and nurture the fine blend of sensibilities in children so that these rose buds blossom to add more vibrant colours to an eye catching canvas.

MESSAGE

M B
MADHUSUDAN BIHANI
General Secretary
(Education)

*Passion is the internal drive that makes you go
fervently in pursuit of your goals. Focus on your goals
and you will do incredible things. Be persistent in
your goal and success will be yours.*

Each of us thrives on being successful and in doing so we often forget the trials and tribulations lying in the path of success. It isn't a one-way path or a straight line. It is a muddled road with various ups and downs and one should navigate it with utmost care. Surrendering before the challenges is not the virtue of a hero. If you truly want something, you must gear up to take every stumbling block as a new step to reach higher pedestal. All it takes is one "yes" for your dreams to become a reality. It's all about setting highest priority to the most important goal. It's easy to get distracted which leads to failure.

MESSAGE

*Education is not just about acquiring knowledge
it's about amplifying the voices of our students.*

The ECMS institutions envisage an environment that unleashes the latent potential within each student, paving the way for a future where knowledge is not just acquired but applied with purpose.

Bajorang Lal Baheti

BAJRANG LAL BAHETI
Vice-President

Our commitment to education goes beyond imparting knowledge; it is about championing excellence, nurturing potential and fostering a community that thrives on continuous learning and growth.

Let us embrace the power of education to instill qualities of resilience, innovation, compassion in our students and leave an indelible mark on future.

MESSAGE

*Transparency builds trust. Trust builds confidence.
Confidence builds a strong
financial foundation for the ECMS community.*

A testament to the diverse talents and accomplishments within the community, the institutions of ECMS reflect the spirit of empowered financial management. Every penny entrusted to us is a catalyst for dreams and aspirations. Each financial decision mirrors our commitment to educational journey.
