and growing together!

MESSAGE

*World at times portrays to be a storm of problems and pain,
Behind that portrayal, there is treasure trove of happiness and gain,
Unlock this treasure, for the keys always lie within you.*

The current age is characterized transformations in the realm of education, with innovative approaches redefining the learning experience for students. The onus is on the teaching fraternity to give prolific meaning to education and equip the children with such skills that provide them with the opportunities where they can fulfill their vision for the future. The school plays a pivotal role in imbibing values, virtues, wisdom and integrity in the students in their blooming years. We need to recognise, appreciate, applaud and nurture the fine blend of sensibilities in a child and thus these rose buds would blossom to add more vibrant colours to an eye catching canvas.

*Passion is the internal drive that makes you go
fervently in pursuit of your goals. Focus on your goals
and you will do incredible things. Be persistent in
your goal and success will be yours.*

Each of us thrives on being successful and in doing so we often forget the trials and tribulations lying in the path of success. It isn't a one-way path or a straight line. It is a muddled road with various ups and downs, and one should navigate it with utmost care. Surrendering before the challenges is not the virtue of a hero. If you truly want something, you must gear up to take every stumbling block as a new step to reach a higher pedestal. All it takes is one "yes" for your dreams to become a reality. It's all about setting highest priority to the most important goal. It's easy to get distracted which leads to failure.

**Hold fast to dreams, for if dreams die,
Life is a broken winged bird, that can not fly.**

mps Sanskriti "शिक्षा के साथ संस्कारों का समन्वय"

"It takes a big heart to shape little minds."

MPS Sanskriti Pre- Primary School wants to inspire learning for its own sake by sharing our joy of learning and leading by example in everything we do. Through this we hope to embed important future-focused learning skills in the children: problem-solving, evaluating, working in teams, communicating, creating and innovating. We tend the future generation here, using a cross-curricular, subject-themed with an emphasis on balancing personal growth, academic success, creative expression and sport. The selection of a good pre-school is important to smoothen out the transition from a home environment to a new environment that involves learning. The staff here is committed to create a loving and caring atmosphere for the kids, away from home.

mps SANSKRITI AJMER ROAD

Chromatic campus with Digital Classroom

We at MPS, Sanskriti, Ajmer Road, are aware of what pupils experience in the Pre-Primary years. Therefore, we consider it our onerous onus to provide ambience and an infrastructure suitable for their growth. Spacious, colourful and vibrant classrooms with murals and mosaics, toddlers sized tables and chairs with no sharp edges, are approved by the management.

Social Interaction and Cooperation

Children who have plenty of opportunities to interact with their peers develop better communication skills, conflict resolution skills, and emotional intelligence. They also tend to do better at MPS Sanskriti, Bagru, as they are more comfortable interacting with others both in and outside the classroom.

Emotional Intelligence and Self-Regulation

The emotional development of children is a key focus at mps Sanskriti, Bagru. Children are guided in managing their emotions, learning strategies to cope up with frustration, disappointment, and excitement. emotional intelligence and self-regulation are not just important for personal well-being; they are also essential for building positive relationships and thriving in a social and academic context.

Real life Experience

mps Sanskriti Pre-Primary School learning is experiential, imitative and sensory-based. Monthly and weekly themes bring learning to life through hands-on experiences and activities.

“Give the pupils something to do, not something to learn; and the doing is of such a nature as to demand thinking; learning naturally results.”

Parental Involvement and Communication

mps Sanskriti, Bagru encourages active involvement from parents, recognizing the critical role they play in a child's educational journey.

Teachers and educators maintain open lines of communication with parents, keeping them informed about their child's progress and activities. This partnership between school and home creates a supportive and collaborative learning environment.

Multi-Dimensional Learning

We provide the opportunity to students opening up the minds of the students to learn things outside the classroom, giving them different perspectives and making them aware of things that will improve their thinking process.

Playway Method

Playway methodology gives children a chance to play and work with their peers. Through this they learn to coordinate, wait for their turn, to take the lead and to follow. Emotional value: Play helps in stabilizing the emotions of children

Thematic Learning
 With theme-based learning, children are thinking for themselves, following the thread of a topic to explore and discover more. "It gives them a taste of moving from one related area to another related area and one builds on another. It's a way of learning throughout life."

Ethics and Moral Values
 Knowing good moral values such as kindness, humility, courage, and compassion at an early age builds a child's character. It forms the very core of their being and becomes a foundation of their moral beliefs. This is why it's essential to start teaching them moral values while they're growing.

Celebrations
 Celebrations of learning can help students reflect on what they've learned, how they learned it, and areas of strength and struggle. They can also help students develop empathy and appreciation for differences

Eklavya Sports Arena
 Taking part in sports is important for children as it reduces stress and enhances their mood. Sports builds healthy bones and muscles, increases fitness, improves sleep, helps them socialize. Keeping this in mind, Eklavya Sports Arena, a colossal sports ground in an area of 9312 sq mt offering a variety of track and field events to students.

Pleasure Picnic
 Picnics play a pivotal role in the personal development of students. Outside the classroom's four walls, they learn to be more independent, make decisions, and even develop leadership skills. A picnic can help children develop a new Experiences and team building.
