

# Nampa Fire District

## Firefighter Visit Program

### Information Sheet

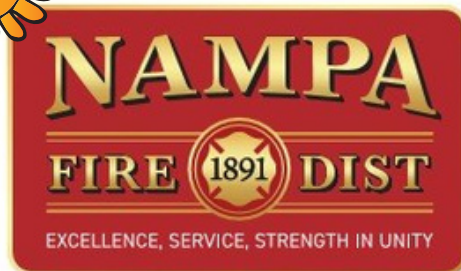

The Nampa Fire Protection District Firefighter Visit Program is an opportunity for your organization (if application approved) to schedule a visit from personnel and firefighting crews. A Firefighter or Crew will come to your location to visit and if requested will help educate your organization on fire safety topics. If you are wanting a Fire Safety related presentation, please make sure to specify this on your application so when contacted the Nampa Fire personnel can be sure to relay this information to crews. If requested and available firefighters will bring an Engine to your locations as well.

These visitation opportunities are limited throughout the year due to the busy nature of the fire service. Certain educational events and organizations such as schools, pre-schools, day cares and some civic minded organizations will be our first priority when scheduling visits.

Scheduled times are always subject Nampa Fire Protection District Crews first priority to responsiveness to emergency situations however, Nampa Fire Protection District does our best to make sure Firefighters are able to show up for our community.

## Requesting a Firefighter Visit

Schools or organizations can request a fire crew visit by completing and submitting an application to the Nampa Fire Protection District - Prevention Bureau. Please fill out a Nampa Fire Visitation Application on our website or come by the Nampa Fire Administration Office to get a copy. Applications must be submitted at least 21 days prior to the date requested for the firefighter or crew visit. Not all applications will be approved.

Participating events, schools or organizations that qualify will work out detail for the event after the Nampa Fire Protection District - Prevention Bureau reaches out.

Expect visits to last 45 min- 1 hr (max).
