**By Kendra Schank Smith : Architects Sketches** long before construction begins architects sketch their visions from casual pen and ink doodles to intricate architectural drawings a concept emerges elevation civic center park denver co 2162014 after spending the afternoon at the denver art museum i did this sketch of the colonnade at the north end of civic center park Architects Sketches:

[Free and download] 0 of 0 review helpful Too academic By Scott Lloyd To be fair this book is not what I expected I expected it to be principally a sketchbook of architectural ideas But it is more of a mediation on how architects use sketches with much more text than I anticipated There are usually illustrations on every spread but to my eye they are overwhelmed by text The writing style is a little too verbose and academic for By Kendra Schank Smith of this book is not likely to run out of ideas. The book **Architects Sketches** is the 5th book I read. All of his work are interesting and

very nice. This Architects Sketches is one of them.
