## Director's Teapot

April 9 is celebrated in the Philippines as the "Araw ng Kagitingan," or "Day of Valor." It is a day to mark the greatness and heroism of Filipino fighters during World War II. These soldiers stood strong against the Japanese invaders despite all odds of starvation, heat, and fatigue. These war veterans risked their lives, went to war to defend our country. Heroic deeds followed them that deserved to be remembered and honored. We are grateful to them.

During this pandemic, many individuals and sectors of society have also emerged as people of courage – they are in every sense of the word - heroes. We had been recognizing and honoring the front-liners (health workers) as the modern-day heroes during this Covid-19 pandemic. Rightly so, they are! To this day, they continue to tirelessly and selflessly serve and treat the sick, and many times at the risk of their own health and safety. What sacrifice and courage they show us! we salute them!

I remember that the alumni and students celebrated Teachers' Day last September 2020 with the theme "Heroes without Capes," referring to the teachers. We felt honored and loved. As the school year progressed, and classes continue to be done online, I also discovered another group of heroes – the parents. We couldn't have made it without support from our parents. Every day, parents join their children, especially the ones in preschool and elementary levels, in online classes. Some of you, parents, have to adjust house chores or give up work in order to attend to the needs of your children who are doing online classes. You also have become an inspiration to your children and to us. May God bless you for what you do to make sure that your child is on task.

This has truly been a very challenging school year but by God's grace, we are standing strong, and we will finish strong. We could hardly believe that we are in the final two months; in fact, the last quarter exams and finals are just one week from now.
