## Resources And Development

Sustainable development means development should take place without damaging the environment and development in the present should not compromise with the needs of the future. Resource Planning is the strategy for judicious use of resources. Agenda 21 is a declaration that was signed by World leaders in 1992 at the United Nations Conference on Environment and Development (UNCED), which took place at Rio De Janerio, Brazil. It aims at achieving global sustainable development. It is an agenda to combat environmental damage, poverty and diseases through global co-operation on common interests, mutual needs and shared responsibilities. Gandhiji had said, “There is enough for everybody’s need and not for any body’s greed.”

**Answer the following questions:**

Q.1 How does Industrial Pollution cause land Degradation? Explain with examples.

Read the extract given below and answer the questions that follow:

“God,” he wrote, “if you don’t help me, my family and I will go hungry this year. I need a hundred pesos in order to sow my field again and to live until the crop comes, because the hailstorm....” He wrote ‘To God’ on the envelope, put the letter inside and, still troubled, went to town. At the post office, he placed a stamp on the letter and dropped it into the mailbox. One of the employees, who was a postman and also helped at the post office, went to his boss laughing heartily and showed him the letter to God. Never in his career as a postman had he known that address. The postmaster — a fat, amiable fellow — also broke out laughing, but almost immediately he turned serious and, tapping the letter on his desk, commented, “What faith! I wish I had the faith of the man who wrote this letter. Starting up a correspondence with God!”
