

## Cyber Insurance for Auto Dealers

SafeEnterprise for Auto Dealers offers simplified underwriting for auto dealers and related businesses and a streamlined application process. Our product was created by industry veterans to provide market-leading cyber insurance and claim services for dealerships.

## Why do Auto Dealers Need SafeEnterprise?

SafeEnterprise Dealers addresses the vehicle dealership industry's unique cyber risk profile. Our Policy provides first-party and third-party coverage for losses involving cybercrime, ransomware and regulatory fines/penalties.

## Program Highlights

- 1st and 3rd party standalone cyber coverage available in all 50 states and D.C.
- Limits up to \$5M with deductibles as low as \$5K.
- Enhanced coverage for ransomware & extortion as well as expanded crime & social engineering coverage with limits up to \$1 Million.
- Policy is structured to include multiple named insureds who lack common majority ownership by endorsement.

## Coverage Benefits

- Specialized coverage provided for violations of the FTC Safeguards Rule due to data breaches.
- Legal liability coverage for data & privacy breaches, confidentiality breaches, and computer attacks including defense costs, settlements, fines, and penalties.
- Coverage for business interruption and reputational injury is subject to an 8 hour waiting period.
- Short and long term policy terms available - 9 months to 18 months, 12 month ERP available.

## Eligibility Requirements

Applicant must be one of the following classes of business with up to \$500 million gross annual revenue:

- Retail Motor Vehicle Sales
- Vehicle Maintenance or Service
- Vehicle Parts or Accessories
- Vehicle Rentals
- Tire Sales

## Claims Services

Our incident response team was created using legal, information technology risk, and cyber remediation specialists with an expertise in cyber claims. Together, we've handled over 1,000 cyber claims and thousands more incidents in the past 5 years.

## Support and Risk Management

Any Policyholder struggling with elements of their cybersecurity program or looking to improve their cyber hygiene can access Shield Up, our risk assessment and remediation platform powered by Havoc Shield, free of charge.
