L-Blends — Write & Read

Every l-blends from the consonant-blends-list guide — each consonant keeps its own sound, unlike a digraph. One page per blend.

Name: _____ Date: _____

How to use this worksheet

1. Some words are split into two red chunks (like bl - ack) — say each chunk out loud, then blend them together into one word.
2. Unlike a digraph, you can hear each consonant in the blend — don't merge them into one new sound.
3. Write the complete blended word on the blank line.
4. Check your spelling against the printed word once you're done.

Example — this is what a correct answer looks like:

bl - **ack** -> **black**

Tip

Drill one blend column per week — after 6 weeks your child will have every common initial blend from this group solid.
