How to use this worksheet

1. Some words are split into two red chunks (like b - ag) — say each chunk out loud, then blend them together into one word.
2. Other words are shown whole — just read them normally.
3. Write the complete blended word on the blank line.
4. Check your spelling against the printed word once you're done.

Example — this is what a correct answer looks like:

b - ud -> **bud**

Tip

Work through one vowel at a time — don't mix vowels until each one is solid. Start with short A, then E, I, O, U.
