# Magic-E Worksheet — Long A (a_e)

Practice page for the Long A (a_e) magic-e pattern from the magic-e-silent-e-words guide.

Name: _____ Date: _____

## How to use this worksheet

1. Read the short word out loud.
2. Add a silent E to the end — the vowel changes from short to long.
3. Write the new long-vowel word on the blank line.
4. Check your spelling against the word bank at the top of the page.

**Example — this is what a correct answer looks like:**

**cap** + e -> **cape**

**Tip**

Practice one vowel group at a time — mixing them too early causes more mix-ups than it fixes.
