How to use this worksheet

1. Some words are split into two red chunks — say each chunk out loud, then blend them together, listening carefully to the vowel sound.
2. Notice how the word spells that sound — the vowel sound chart shows every common spelling.
3. Write the complete blended word on the blank line.
4. Check your spelling against the printed word once you're done.

Example — this is what a correct answer looks like:

c - ake -> cake

Use this as a spelling reference whenever your child asks 'how do I write that sound?' — look up the sound family, then teach the most common spelling first.
