IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THIS EULA, DO NOT INSTALL, USE OR COPY THE SOFTWARE.

- Reading the whole EULA is recommended, not just this summary.
- You must agree to all of the terms of this EULA to use this Software.
- If so, you may use the Software for free and for any lawful purpose.
- This Software automatically communicates with its server for three reasons: (1) to receive and install updates; (2) to send error reports; and (3) to send anonymized usage information. You can view sample data to see what information is sent, and you may opt out of sending the anonymized usage data.
- This Software is provided "as-is" with no warranties, and you agree that Pizza for a Purpose is not liable for any unauthorized or illegal activity.

The Agreement

By downloading, installing, using, or copying the Software, you accept and agree to be bound by the terms of this EULA. If you do not agree to all of the terms of this EULA, you may not download, install, use or copy the Software.

The License

This EULA entitles you to install as many copies of the Software as you want, and use the Software for any lawful purpose consistent with this EULA. Your license to use the Software is expressly conditioned upon your agreement to all of the terms of this EULA. This software is licensed, not sold. Pizza for a Purpose reserves all other rights not granted by this EULA.

Privacy Notices

The Software automatically communicates with its server for three purposes: (1) updating the Software; (2) sending error reports; and (3) sending anonymized usage data so we may improve the Software. You may opt out of sending the anonymized usage data, but if you do not want the Software to update automatically or send error reports, you must uninstall the Software.

1. **Automatic Software Updates.** The Software communicates with its server (and sends information described at the URL above) to determine whether there are any patches, bug fixes, updates, upgrades or other modifications to improve the Software. You agree that the Software may automatically install any such improvements to the Software on your computer without providing any further notice or receiving any additional consent. This feature may not be disabled. If you do not want to receive automatic updates, you must uninstall the Software.

2. **Error Reports.** In order to help us improve the Software, when the Software encounters certain errors, it will automatically send some information to its server about the error (as described at the URL above). This feature may not be disabled. If you do not want to send error reports to its server, you must uninstall the Software.
3. **Anonymized Usage Data.** Pizza for a Purpose collects anonymized data about your usage of the Software to help us make it more awesome. Approximately once a day the Software sends such data (as described in more detail at the URL above) to its server. If you do not want to send anonymized usage data to the server, you may opt out by changing your settings in the Preferences view.

Open-Source Notices

Certain components of the Software may be subject to open-source software licenses ("Open-Source Components"), which means any software license approved as open-source licenses by the Open Source Initiative or any substantially similar licenses, including without limitation any license that, as a condition of distribution of the software licensed under such license, requires that the distributor make the software available in source code format. The Software documentation includes copies of the licenses applicable to the Open-Source Components.

To the extent there is conflict between the license terms covering the Open-Source Components and this EULA, the terms of such licenses will apply in lieu of the terms of this EULA. To the extent the terms of the licenses applicable to Open-Source Components prohibit any of the restrictions in this Agreement with respect to such Open-Source Component, such restrictions will not apply to such Open-Source Component. To the extent the terms of the licenses applicable to Open-Source Components require Licensor to make an offer to provide source code in connection with the Product, such offer is hereby made, and you may exercise it by contacting anishvkaza@gmail.com.
