Experience

React Frontend Developer | Praktik.io

Budapest Hungary | August 2022 – present

- Leading the cross-functional frontend teams, ensuring seamless collaboration and delivery of high-quality products.
- Implementing innovative design strategies and providing comprehensive training to the frontend team, fostering continuous skill development and knowledge sharing.
- Integrating Continuous Integration/Deployment pipelines, conducting pull requests, performing thorough code reviews, and implementing unit and integration testing.

Fullstack Developer | Lapp Group

Boston USA (remote) | November 2022 – December 2023

- Orchestrated the construction of a robust backend on Azure MSSQL Database, integrating seamlessly with a Next.js API.
- Crafted a dynamic and responsive frontend using Next.js 13.0, ensuring a seamless user experience.
- Implemented CI/CD integration, developed API interfaces, and enforced version control to enhance agility and efficiency in system development and deployment.

Junior Frontend Developer | EACAMP

Baku Azerbaijan | March 2022 – November 2022

- Collaborate with the frontend development team to design and implement user interfaces using React.js, ensuring a seamless and responsive user experience.
- Participate in code reviews, contribute to the development and maintenance of web applications, and troubleshoot and debug issues to optimize performance.
- Learn and grow within a dynamic environment, staying updated on industry best practices and contributing to the continuous improvement of frontend development processes.

Education

Master of Computer Science | WSB Academy

Warsaw Poland | 03/2021 – 06/2023

Bachelor's in Project Management | Academy of Public Administration

Baku Azerbaijan | 09/2013 – 06/2017
