girlfriend collective

HAPPY LABOR DAY

The sustainability goes beyond recycled threads & recyclable collections. The people who make our clothes deserve fair wages, safe working conditions, and ethical labor practices. Getting this right is a big priority at Girlfriend.

Cleaning up the industry means also maintaining the highest standards of integrity when it comes to the wages and conditions of our overseas manufacturing partners.

Our factories are verified by third parties and hold certifications like SA8000 and WRAP, the golden standards for global labor accountability.

It's not the fastest or cheapest way to operate, but we created Girlfriend to pave a "better" way. On a long weekend dedicated to celebrating hard work, we want to thank all the workers who make Girlfriend's impact possible.

SHOP THE LABOR DAY SALE

THIS LONG WEEKEND WON'T LAST FOREVER

We hope you're moving slowly through this long weekend — unless you haven't shopped our Labor Day Sale, in which case you should RUN to our website and save up to 100% on bestselling looks.

our (very first) cotton

We said we'd never use cotton. And then we discovered Natural Groove.

Sourced from a certified mill that is committed to improving the supply chain by training farmers in:

-  better water management
-  responsible use of land and better soil health
-  investing in communities

Natural Groove is 100% cotton, meaning it's naturally breathable, easy care and biodegradable.
