(Free read ebook) 22 of 22 review helpful An amazingly good story well told By Tech Historian The rise and fall of RIM RIM rode technology disruption and created a company with 20 billion year in revenue only to see it disappear by being disrupted themselves Lots of lessons here 1 Even though the CEOs were reading the Innovators Dilemma

they still had little perspective on how rapid disruption would happen to the I really love this books, there is no word bored to read **Losing the Signal: The Untold Story Behind the Extraordinary Rise and Spectacular Fall of BlackBerry** although this may be more than five times I have read books.
