

2019

# YASH SHELATKAR

iOS Developer

CV

I am a Melbourne based Diploma of Software Development- Information Technology graduate looking for my start as an IOS Developer in a junior role or internship position. I have a keen interest in all things Tech and enjoy coding and software development in my spare time.

Email me at [yash.shelatkar@gmail.com](mailto:yash.shelatkar@gmail.com) or call me on 0451 580 884

## EDUCATION

### TAFE SA - 2016/2019

Diploma of Information Technology (Software Development)

This course has provided me with advanced skills and knowledge in programming and software development. This course has given me practical experience in project management, C#, IOS mobile development, JavaScript, SQL, Windows phones and XCode9 as well as a host of other skills required for a Junior Developer position.

### ST FRANCIS DASSASI HIGH SCHOOL - 2003/2013

Higher School Certificate

## EXPERIENCE

### MCDONALDS

JULY 07/16-04/17

#### CREW MEMBER

This high volume customer service position has given me strong interpersonal and communication skills, and experience in problem solving and managing competing priorities.

- Customer service in a fast paced environment
- Worked with my team, and other teams across the site
- Excellent written and verbal communication
- Cash handling and attention to detail
- Managed challenging situations and problem solving
- Food safety and WHS
- Created the kitchen menu
- Site 1

### OTHER PROFESSIONAL EXPERIENCE - SIDE PROJECTS

As an IOS/Android Developer with a penchant for pixel perfect designs and well-crafted swift code I love tinkering, solving problems and contributing to open source software.

Codie Buddy June 2019 – Present:

Codie Buddy is an App that helps beginners and students to find a suitable partner to learn with and gain knowledge together.
