

Ali Aljoubory

IOS DEVELOPER

Executive Summary

Passionate about software, design and technology. I believe the power of technology married with it's simplistic beauty can truly influence and change the world in a positive way.

Areas of Expertise

- Swift
- UX/UI Design
- Xcode
- Apple Frameworks
- Final Cut Pro X
- Fast learner
- Helping others
- Great team-worker
- Fluent in English & Arabic

Reach me at:

10 Brondesbury Park, NW6 7BX, London
07821803007

LinkedIn: <https://www.linkedin.com/in/alialjoubory/>
Github: <https://github.com/AliAljoubory>

Intrests:

- Computer software: I've been using computer software from a young age and it's something I love doing. I spend my free time doing video editing, music editing or photography.
- I also have a borderline unhealthy obsession with Apple products, F1 & Tennis.

Work Experience

FREELANCE IOS APP DEVELOPER

Freelance

January 2018 - Present

- Freelance iOS App Developer with proficiency in Swift. Completed iOS App Development Bootcamp course with over 20 apps developed.
- Currently working on UI/UX focused projects using Core ML, ARKit & Realm database. Please see portfolio & Github profile.

ADMINISTRATION

Brandenbergh Management

June 2017 - April 2018

- Running concierge service at Haselbury House residential building. The position also required night security.
- In addition, I was assigned an extra position as personal assistant to the building manager.

APP PROJECTS

Education

UNIVERSITY OF PLYMOUTH

September 2013 - June 2016

- BSc (Hons) Business Management, 2.1
