“The worst part of holding the memories is not the pain. It's the loneliness of it. Memories need to be shared.”

— *Lois Lowry, The Giver*

Words from Hall Master

Prof. Ben Leung Kwok Wa

Hello Academians! I would like to share with you one of my hobbies and interests, the game of basketball. When I was younger, I would play a lot of basketball on the public courts. The standard format was that two teams of 3 players would play till 11 points. The winning team would get to stay on the court while the losing team would have to wait their turn again. You can imagine the incentive to win when the courts were crowded. With the teams that won a lot of games,

some teams had good players who could do fancy tricks with the basketball, other teams had players who were aggressive and played defense well. But there was one thing these teams shared in common, and that was teamwork. They would pass, cut to an open space and pass again, breaking down the opposing team's defense until a teammate had an open shot. Because one thing was clear. You cannot outrun the basketball. Sometimes, a player would have a good shot, but they would pass the ball around the court because another player had an even better shot. It was team basketball,

something that was beautiful to watch. Similarly, teamwork was the critical factor that enabled Hall 4 to achieve great success this year.

This year, I am delighted to announce that Hall 4 achieved 3rd place in the PEK Cup. We performed well in a variety of PEK competitions. Seeing our residents, some of them who may not know each other prior to participating in the activity work together and compete out in the field made me proud to be the Residence Master of Hall 4. As the saying goes "Teamwork makes the dream work". Teamwork is an imperative aspect of Hall 4 culture, and I hope that for all new and returning Academians next year, we can encourage each other, lift each other up and support each other, embodying the team spirit that this hall has.

Last but not least, I would like to thank the Resident Tutors and Residents Association, who spent a tremendous amount of time and effort to organize different activities to enrich our hall life. They selflessly took time out of their busy schedules to coordinate the events and encourage residents to join in. They have given our Academians a fun, joyful and memorable school year.

This was a great year for Hall 4, and I hope that next year brings even greater success. Have a great hall life everyone!

Academians!

Thank you for your effort

Floors & Residence Tutor

LUCAS, 1/F

Hi everyone, I am Lucas, the tutor in charge of 1st floor and returning scheme this year. I have experienced the most existing journey in hall 4 along with RM, RTs, RAs and all of you throughout this year. I was surprised by the spirit and enthusiasm of you no matter in sports or hall activities. Thanks so much for your strong commitment and hope you also enjoyed your stay here!

The first floor is filled with multi-talented people from different countries. You could find person who is talented soccer player or basketball player, who has excellent academic performance in creative media, who is master in cooking and who almost travelled around the world. Furthermore, this kind of diversity strengthened our connection between each other and made first floor become a multi-cultural family. Welcome to find us in first floor common room if you want to have more fun and best wishes to first floor!

Naeem, 2/F

I'm Naeem, a Ph.D. student in Physics. It is my pleasure serving the JCAC for the 2nd year in the capacity of Discipline RT and Floor Tutor of 2F. It is fantastic to engage with the returning as well as the newly inducted Academians on all sorts of topics and events. It always gives me pleasure seeing the enthusiasm of our residents during the PEK competitions as well as other activities. I welcome you to the vibrant hall life, and wish you all the best in your life pursuits!

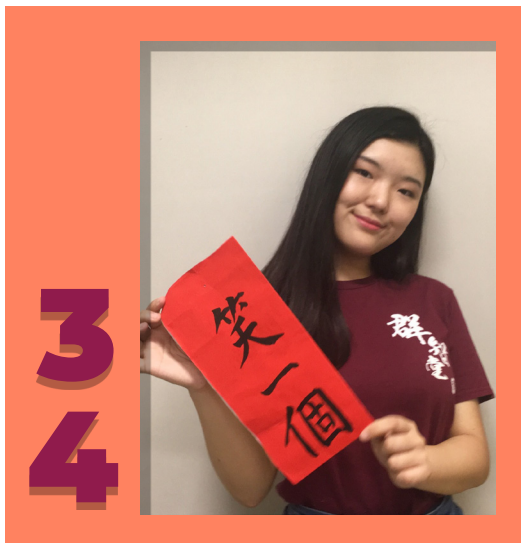

Even though we are one of the most diverse, mixed-gendered floors in Hall 4, we are "2gether". With several of our floor members participating in a wide variety of PEK competitions, our floor is undoubtedly abundant in talent. The floor boasts a homely setting with the walls filled with art representing different PEK competitions. One of the most memorable events in the first semester was an outing to a Thai restaurant in Kowloon City which had everyone in high spirits. A dessert night at a Michelin star restaurant in Jordan was another exciting event. All in all, we feel like a small family within the Academician community.

Sherry, 3-4/F

This is Sherry, Songjun HE. I am studying in Linguistics and Language Application. It is such a wonderful experience of being an RT and enjoying time with you all over hall and Hong Kong. JCAC is a welcoming and warm family with friendly residences. Wish all of you have a fulfilling and unforgettable life here!

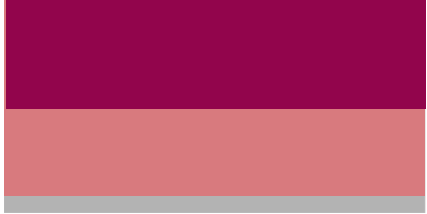

We are 4/F of Hall 4. All of our floormates are from many different countries such as Hong Kong, Mainland China, Korea, Germany, Indonesia and so on. When you visit or floor and follow the nice smell, our common room will be your destination. Our common room is often filled with delicious smell of diverse food from all over the world. Also we formed a team of floor decoration and cooperate to make our floor hallway more fancy. We all enjoy living on the 4th floor and hope to see each other in following year as well.

This is third floor of JCAC, a homelike place for floormates to rest and have fun. Coming from different parts all over the world, we embrace diversity and interact with various culture. Through colorful floor activities, we build our friendship and gain deeper understandings of each other. We enjoy having delicious food ranging from homemade desserts to local snacks together. As a united floor, we are supportive of our floormates and show strong team-spirit in competitions such as dodge ball and floor decoration. In this big family, we gain a sense of belonging and lead a joyful hall life.

I am in charge of 5/F, our floor theme is champion! I hope everyone lived on 5th floor achieved their goal in this year. That is why we decorated our floor with the champion theme, so that you can see who is good at what at the front of the common room. We found what each of us are good at, and made our own goal in this year. Our floor has a lot of talented floormates, who are good at singing, dancing, running, studying, and etc. 5/F is home for everyone from different cities. Our floor is for mixed gender, and they are from mainland, Hong Kong, U.S, and Korea. The most memorable event was having hot pot all together. It was a really chilling moment with floormates, chatting and eating. We all will remember the moments that we had on 5/F!

Jiwon, 5/F

Hi all! I am Jiwon from Korea. I am taking care of 5/F and in charge of Hall book Publication, PEK Singing contest and Liaison between RAs and RTs. It's already been almost one year that I am serving as RT. It was a great chance for me to live in JCAC and meet everyone here. Even I graduate, I will keep the memories in City U, JCAC. Hope everyone loves living in JCAC and have a great time!

5

So you are interested in 6/F, huh? No problem! Welcome to 6/F floor. We are "Big Hero 6". Every resident in our floor is a big hero. We are good at eating, drinking, cooking, playing, chatting, anything that doesn't violate the hall's rules. Our floor has people across the whole world, locals, mainlanders, Malaysians, Indians, Americans, etc.

We treasure our friendship with each other so much that you can feel the harmony once you step into our floor. You all are welcome to visit our floor and meet us. See you in 6/F!

Victor, 7-6/F

What's up? it's your boy, Victor, also the 6-7/F tutor. Being the PEK Coordinator, I can't forget the pride and joy shown in every Academian' face when our residents play for the PEK competition. Although my voice is ruined after every match, feeling that we are a whole unity warms my heart. "Academians! We are Cornwall Lion!" NEVER FORGET!!

Oh, yes, and remember one thing. Enjoy your hall life to the fullest, treasure your friends, your floormates. You never know when the last "See you again" is. The only thing that can recall your memories when you forget them is your feeling.

6
7

Hello! We are "7 Squad"! This is a male-only floor, that's why our squad is strong than your floor. We have residents from different counties. Different races, different cultural background and different language, yet, they never are a barrier that separates us.

Welcome to 8/F, our theme is 'infinity' as we hope that our relationship may last to infinity and beyond forever and ever!!! Our floormates are very friendly, caring and approachable. In this year, we spent a good quality time to know more about each other. Our stories started from the mango mochi, followed by the lion, '阿嫂', the snowy moon cakes, the steamed ginger milk, the hotpot and the dessert nights. All these floor activities have brought us together no matter where we are from. We are really appreciate the enjoyable hall life we spent here!

CK, 10/F

It's my great pleasure to serve JCAC as RT for third term. JCAC is a dynamic environment with diversified residents' background. Being a RT at UG hall, I always ensure my role is beyond as an organiser and team manager, I'm glad that I can be a motivator and adviser to my residents in various ways; from academic to personal, from hall livings to career planning. We're always Academians and friendship forever. I wish every Academians, All The Best!

Welcome to 10F, my fellow friends! As a RT who taking care of 10/F for second year, I chose to remain the floor name "10F My Second Home" because I believe residential life is always one's second home after hometown. All of us are away from families and of destiny, and eventually we met in this lovely hall. I always ensure the floor is the most harmonious environment as a living and study places. I'm glad to see both local and NLS students are living harmoniously and always lending hands to each other all the time. All the best, my fellow buddies of 10F!

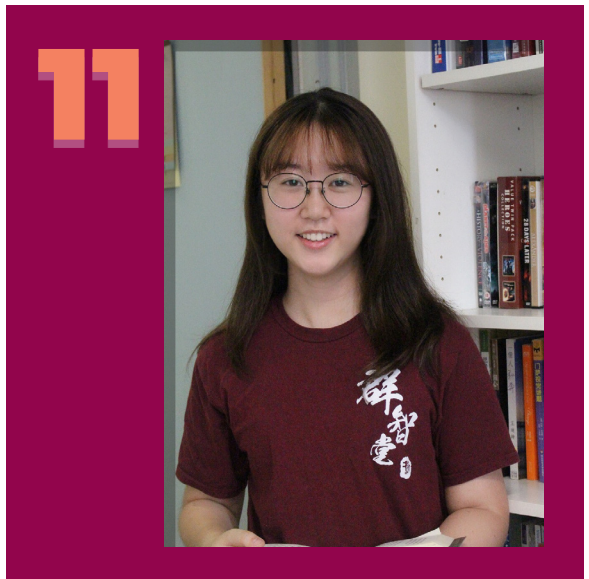

Welcome to 11/F! 11/F is a floor full of love and fun. We have people with very different personalities and various areas of expertise. Some of us are quite talkative while some are quite shy. Some of us are talented in academic studies, some of us win the JCAC singing contest, and some of us bring the PEK sports prize back to JCAC. We are proud of our floor-mates. In 11/F, playing board games is the most popular activity. During our board game nights, we shared so much happiness and clean up the Tuck shop~ Wish you all the best, my dear friends!

Suzy, 11/F

Hi everyone, I am Suzy, the resident tutor who take care of 11/F. I come from Mainland China. In my third year living in JCAC, I became an RT and experienced the most memorable year in my university life. From the first day I lived in JCAC, I have been enjoyed my hall life a lot. This tutorship and my time in JCAC bring me valuable friendship, a beautiful memory and help me to become a better person!

Words from Residence Association

LAM Chun Kit, Jeffery

President

Being the President of the Residents' Association, my tasks are, but not limited to, organizing activities for residents, reflecting opinions to hall master on behalf of hall residents and to build up a close relationship with our residents and with other halls. Also, the work as a RA has helped me to learn a lot. Such as

how to communicate with different people and how to organize activities attractive to different residents so as to allow them to have an enjoyable hall life with us. This year, we had organized some activities which different from last year's like the Christmas Ball in December. Although being RA is not an easy job, it satisfies me seeing our residents enjoying the activities that we hold. We RA members also think that this is a precious chance for us to service resident. In the upcoming days, we wish everyone here can treasure the life as an Academician and live their lives here in Hall 4 without regret.

WONG King Chi, Annie

Internal Vice President

Here I am writing about my thoughts on being a member of the RA, which is an experience that I would never have pictured half a year ago. Pieces of happiness, sweetness and bitterness pop up that, unfortunately, it is hardly finding perfect words to describe how I feel about all these fragments that composed my first year in Hall 4. But if I have to, I would say taking up the position opened a door for me to really pour myself into enjoying hall life instead of going on the dull campus-hall daily routine. I find myself very fortunate that my every day here becomes colourful because I can feel

that I am loved by our loving residents, hall master, resident tutors, and most importantly, my beloved RA members. I really hope to pass on the love to all future members of Academicians and let every resident enjoy their time here as I do.

WONG Sin Ying, Ella

External Vice President

Being the External Vice-president of RA for half a year, I have experienced a lot in hall 4. From the election till now, the eight of us as RA members have paid lots of effort in order to make every activity a success. Although there were so many difficulties, we didn't give up so as to make all residents to have a memorable hall life in Hall 4. In the following months, I will do as much as I can for all academicians and contribute to Hall 4. Hope that you can enjoy every moment in hall 4!

CHAN Tsun Ting, KC

Financial Vice President

As a member of the Resident Association, we always need to be open minded and listen to different voices. I am willing to talk with different people and ask them what they think about the hall. If there's any recommendations, I will usually spread it in the WhatsApp group of RA and we will discuss for any possible improvement. We never think we are perfect and we listen to everyone every time as we know that we can only perfect ourselves when we are recognised by our residents.

NG Man Kwan, Skylor

General Secretary

Being one of the RA members brings me a tough yet fruitful year. It is the first time for me to take up this kind of responsibility. We might not be good enough at the beginning and messed up a lot. However, by working with the other committee members throughout the year, we became more organized and experienced. The positive feedback of activities from residents gave me the incentive to move on. My sense of belonging to Hall 4 become stronger as time pass, too. I will continue to contribute to the Hall in the coming year.

WOO Tsz Ki, Reiko

Financial Secretary

As a member of Residents' Association, we aim to provide a better hall life to our residences. During activities, we are willing to listen to different voices from residences and we will try our best to improve our performance in the next activities. It has been a fruitful year that I have sharpen my skills and made different good friends in the hall.

Lastly, I would like to thank all of my RA members for always supporting me and encouraging me during the tough moments.

LAI Yan Tung, Lyan

Decoration Secretary

Being a member of residents' association is a big challenge to me. There are many different difficulties. Some are predictable but some just happen all in a sudden. However, I have already overcome them. It is all because of the help and support of my partners. In addition, without the cooperation of hall 4 residents, all activities will not be successful. In the coming year, I will try my best to contribute to hall 4. At last, I hope all of you can have a wonderful and happy hall life.

LAM Sum, Harry

Welfare Secretary

As a RA member, I think there is no need to mention how great the pressure is when you have to face all kinds of expectations from people around you. But fortunately, though under pressure, I managed to meet the deadlines fearlessly with all my beloved RAs. The barriers we faced and the criticisms we took after organising

this much activities have totally made us a different person from that at the beginning. We are now more responsible and obligated to build up a better Hall 4. In the upcoming year, we Fortress will keep up the work as a unity and devote ourselves to Hall 4.

Events

in

5,6 JUN

On September 5th and 6th, in the first week of the hall year, Hall 4 holds a global tea reception to warmly welcome all the residents.

Around 8pm, residents start gathering in the G/F common room. Just in several minutes, the room is filled with our residents. Some come alone, some in pairs but they are all curious and eager to meet their new hallmates.

The reception begins with an introduction about Hall 4. Then, our Residence Master, Ben, delivers a speech to the residents present. He briefly introduces himself and shows his gratitude by welcoming all the residents of Hall 4. His charming and humorous talk warms up the atmosphere and gives the residents a great impression. Following that, our Residence Tutors introduce themselves and their responsibilities one by one. In addition, the members of Residence Association also show up and deliver an introduction about the association and themselves. At last, our discipline tutor talks about the regulations and disciplines in Hall 4, reminding all to strictly follow them to ensure harmony among all residents.

GLOBAL TEA RECEPTION

Finally, it is time for residents to meet and chat with each other. They get drinks and snacks, walk around, and make acquaintances with others. Everyone has a jolly time chatting and making friends. Even after the reception ends, some residents stay back to talk with their new friends.

As the first event in this hall year, global tea reception gives our residents a chance to get familiar with each other and also build a strong sense of belonging to Hall 4 at the same time.

Mid-Autumn Festival

With excitement in the air, and the marvelous smell of mooncakes greeting all the Hall Residents, Mid-Autumn Festival at CityU started off in full form at around 7pm on the 20th of September in the open area near Hall 4 itself! Traditionally, the festival celebrated three fundamental concepts: Gathering, Thanksgiving and Praying. The celebrations that day weren't much different either, as the entire student residence joined the event, together, as one giant family.

The atmosphere was ecstatic as all the halls put up various stalls for games, food and whatnot! Thai food, Chinese food and many more varieties of spices gave off a beautiful aroma; an integral component to celebrating the festival with great pomp and joy. The energetic ambience was further complemented by various performances which were put up on stage. The stage shows varied from the incredibly majestic lion dance, to some wild DJ music!

Autumn is a second spring when every leaf is a flower.

September

Our own friends from Hall Four put up a few stalls too wherein self-made iced moon cakes were served in one of the counters. To make it even more interactive, participants were allowed to try and make their own mooncakes! Around, three helpers were involved in assisting the participants throughout the process. Another very interesting event that was taken up by JCAC was balloon animal making. The residents were taught to make shapes resembling swords or dogs with balloons and the fastest person was given a prize! Two helpers assisted the participants in this counter. Furthermore, two of our residents were in charge of decorating the counters.

We talked to the leader of this event, from our hall, Lucas, and had a question-answer session with him about the festival too.

SIMPLE Q&A

Q.What do you think is the best part about the mid-Autumn festival?

A.The best part is the atmosphere that night, wherein everyone who has joined the celebration has a great time.The traditional culture of the Mid-Autumn Festival makes everything very enjoyable. Moreover, the performances, including the dances and the music, lights up the atmosphere.

Q.What do you think this festival signifies for the student community?

A.The vibrant energy portrays the excellent student life in the Student Residence!

Q. How was your experience in planning and implementing the Hall 4 booths?

A. It was the outcome of some brilliant teamwork.I recruited helpers weeks ago for planning it. We met and brainstormed for ideas.Then we distributed the work among ourselves, which included decoration, moon cake making and balloon animal making!

问：你接的整個活動最有趣的部分是哪裡？

答：並不是某一個特別的環節，而是整個慶典的氣氛。大家都想要快快樂樂的過節。也正因為這種純粹，大家玩的都很開心。而且台上的表演也能夠烘托氣氛。

问：你覺得這個活動對學生團體意味著什麼？

答：意味著宿舍生活多姿多彩吧~

问：你在規劃這次活動的佈置有什麼心得？

答：我覺得我們做的很好。我提前招募了很多好幫手來幫我佈置和策劃。大家都很好，而且都很積極的參與我們的活動。

(Interviewer:Ankolika, Interviewee: Lucas)

迎著高爽의 秋風，中秋節慶典也在10月20號熱烈地展開。在中國傳統中，中秋節代表團圓，感恩和祝禱。然而在城市大學中的慶典則與傳統大不相同；慶祝的不是小家，而是宿生團體的‘大家庭。’

在喜悅的氛圍中，大家紛紛把準備好的攤位裝扮好。同學們可以在不同宿舍的攤位里玩遊戲，猜燈謎；品嚐世界各地的美食。空氣中充滿著喜悅和節日的氣息。與此同時，主舞台的表演更是把全場的氛圍推向另一個高潮，台上舞獅，流行音樂等表演層出不窮，台下同學們歡聲笑語，其樂融融。

我們賽馬會堂的同學們則擺起了月餅工作坊的攤位。宿生們可以在攤位前品嚐自己親手製作的月餅呢！不止如此，我們宿舍還有手工氣球製作工作坊。三位小幫手教同學們如何製作氣球，並邀請參與者跟他們比賽，優勝者還會有獎品喲！同時也要感謝幫助佈置攤位的小夥伴們，讓攤位更具節慶氣氛。

O Camp

The hall 4 Orientation Camp has been successfully held in 21st to 23rd September by the Fortituder, the 13th Executive Committee of the Residents' Association. There's no better way to portrait fun than hearing from the participants themselves. Out guests Here, Ella, Skylor and Jeffery would share their own memories.

(I=interviewer, E=Ella, S=Skylor, J=Jeffery)

I: What did you do during O camp?

E: Well, we had different games and tasks, like Campfire, the Water game, the Detective Game, The Room Game and the Checkpoint game. Those are memories I will cherish forever.

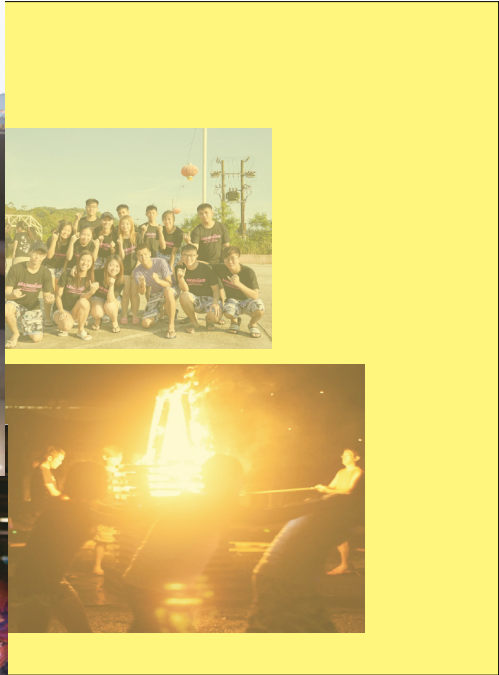

I: Well, it seemed it was with a lot of interesting and exciting activities! What is the most memorable part for you guys?

E: For me, it would be the Water Game. It was well prepared by the Joba and Joma (Cantonese: group leaders), and we all had a great time there. Also, my hallmates and I played a lot of cooperative games that we battled with our dorms (Group units in O camp), it just showed how helpful they are!

S: I shared the same thought with Ella, The Water Game was really fun, and I had the best moments with my hallmates! And I also love the Room Game, where we shared our thoughts with my hallmates, and we shared literally everything! One of the deepest and truest moments we had in the whole O camp, in my opinion.

J: The Checkpoint Game on the last day was my favorite. We needed to do tasks with hallmates and the results we got must be better than before, such that it motivated us to challenge to be better and better, to strive for excellence and cooperate in the best way with new friends.

I: I see. Seems that you all gained fruitful experience from the O camp. So how do you feel about it?

J: I think I can really feel the warmth of Hall 4, and how people here are so considerate and willing to help each other. I have heard a lot that Hall 4 is a warm place, but in the O camp, I experienced it myself.

E: I am just delighted to meet and get to know so many friendly people that we will be living together for a whole year. It

was also one of the reasons why I decided to join the next cabinet of the Executive Committee of the Residents' Association.

S: I also joined the next cabinet of the Executive Committee of the Residents' Association. I met so many warm people and friends in the whole O camp, and I really want to help them to have a memorable hall life, not only as a resident but as a committee member of the Executive Committee of the Residents' Association.

Academian Night

the fun night for Hall 4
Academians to bond

Designer:Danni

Writer: Lloyd

Editor: Patrick

The Fortituder Residence Association kicked off their first event of the year with a successful and fun-filled Academian Night.

The reception received for A-night was exceptional, with both local and non-local students being active participants. All the attendees were divided into 7 groups headed by two group leaders, who were chosen based on their "outgoing and sociable personalities", says person-in-charge, Tracy.

Before the event kicked off in full swing, the participants were familiarised with other group members and their leaders, and played warm up games. After that, games which included all the participants were led by the RA. It was an effective introductory tool and gave participants the opportunity to acquaint themselves with everyone. 'Infrared' and 'Squirrel moving home' saw humorous frantic and evasive action. Whereas 'Simulated soccer machine', was a great team building activity. The university-wide favourite, AC3 pizza was served by the general helpers of the event, without whom the smoothness of the event would be hindered.

Post-dinner was fashion show time. All groups were given materials to work with and were required to choose a Mister and Miss Hall Four. Preparation time was filled with wacky ideas and ill-fitting model selection. The ramp walk was judged by two of our own, Victor and Andrew. With several cross-dressers and ironically provocative models, the Disney themed fashion show turned into something so much more.

After the exciting fashion show, it was time to ravage the treasure hill. The treasure hill comprised of numerous articles for daily use procured from a store in Sham Shui Po. A series of humorous events led to the destruction of several instant noodles. All teams came away with something they obtained from the treasure hill or from contemporaries' slip-ups.

The event received a larger and more enthusiastic reception than expected, says Tracy. Our hall master seemed to be elated with the Academians positive response. The thoroughly satisfactory night saw the bond between us Academians develop and definitely served its purpose.

由群智堂宿生會舉辦的一個成功且歡快的群智堂之夜，拉開了本學年的帷幕。

本次群智堂之夜的反響極佳，香港和非香港同學都積極參與，樂在其中。參與者被分為七個小組，每個小組各有兩位組長。本次活動的負責人Tracy提及到，這些組長都樂觀開朗、善於交際，因此他們才“脫穎而出”。活動正式開始前，參與者們分組進行了一些熱身遊戲，初步熟悉了彼此。隨後，在宿生會成員的引導下，全體人員參與了各種遊戲。這是一個千載難逢、了解彼此的機會。其中，“紅外線”和“松鼠搬家”兩個遊戲考驗了個人的協調性和反應力；而“模擬足球機”的遊戲增進了大家團隊協作的 ability。本次活動的助手們為大家準備了享譽全校的AC3披薩，沒有他們的付出，整個活動就無法順利進行。

晚餐之後，便是引人矚目的時尚走秀時間。各組領取了裝扮材料，並根據要求選出了一位“群智堂先生”和一位“群智堂小姐”。展示時間到了，千奇百怪的模特身著“奇裝異服”，自信地站上了T臺。兩位裁判Victor和Andrew，認真觀看了每一組的走秀，並給出相應的評判。幾位男女反串、衣著“挑逗”的模特，為這場迪士尼主題的時尚走秀增添了不少笑點。

令人激動的時尚走秀結束之後，“搶奪金山”的遊戲正式開始。這座“金山”由眾多從深水埗購買的日常用品堆積而成。一次次爆笑爭奪導致幾桶方便麵被擠壓得七零八碎。各小組爭先恐後去搶奪其他小組遺落的“財寶”，最後大家都滿載而歸。

Tracy說道，本次活動收穫了出人意料的熱情參與和高度讚揚。看著我們群智堂的宿生們熱情洋溢、積極參與，舍監梁國華教授也倍感高興。在這個令人滿意的群智堂之夜裡，我們看到了群智堂人們談笑風生、增進感情，這便是本次活動的意義所在。

On October 6th, the PEK Aquatic Competition was held at the CityU swimming pool; loud applause and shouts of slogans from each hall were heard. Our Academicians in red T-shirts proudly cheered for our 12 honourable players. At around 4:30 p.m, the competition started between the halls, and the shouting and chanting became stronger and louder as the players reached the end of the pool.

I could see that our players were trying really hard, and I cheered together with the cheering team. Even though I wasn't participating in the competition, I felt as if I was actually just as involved. When there was a miniscule gap between our player and a player from another hall, my heart beat faster and I got nervous. When our players succeeded in the end, I got goosebumps on my arms and legs, feeling a sense of belonging and also being proud of the players. Our players have brought us such brilliant results (2nd and 3rd), and I really appreciate how much effort they have put into this event.

Woong Sik Nam (Swimmer for the Men's team)

Q How did you feel right before the game?

A I think I felt several emotions before the competition. Since it was my first time in my life to join the swimming competition, I actually felt excited at first. I had good teammates who had my back, so I could enjoy the competition well.

Jemmima (Swimmer for the Women's team)

Q How much did you practice for the competition?

A A lot actually. Suzy and our managers, Cindy and Sally, would arrange at least 3-4 training sessions a week where the professional swimmers in our team gave us tips on how to dive and how to perfect our stroke.

Q How did you feel during the competition?

A I was nervous to be honest, because I wasn't feeling well that day, so I thought it would affect my speed during the competition. However, I didn't want to disappoint my team, so I tried my best.

Patrick (Cheering team member)

Q What was your impression when you saw our players winning?

A I was very happy of course. Excited, anticipating the release of the actual results, as there was a gap between the players competing, and also the results announcement.

Woong Sik Nam (男子游泳隊隊員)

問：比賽開始前，你的心情如何？

答：比賽前我的心情很複雜。因為這是我人生中第一次參加游泳比賽，一開始我還是非常激動的。我的隊友們都很棒，他們為我加油鼓勁，所以我非常享受這場比賽。

Jemmima (女子游泳隊隊員)

問：你們為這次比賽準備的如何？

答：非常充分。Suzy和我們游泳隊的經理（Cindy和Sally）在每週都安排了三至四次訓練，我們隊伍里的專業游泳運動員也給了我們很多技術上的指導。

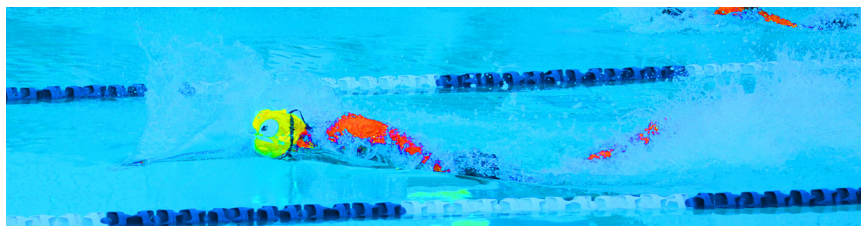

問：你在比賽當中有何感受？

答：老實說，我很緊張，因為那天我身體有些不適，我覺得這也影響了我的發揮。但是，為了我們的隊伍，我拼盡了全力。

Patrick (啦啦隊成員)

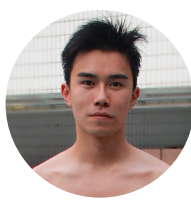

問：當看到我們隊員完成比賽時，你的心情如何？

答：當然是既興奮又激動，期待比賽結果能快一些公佈。因為隊員完成比賽后，還需要等待一段時間，最終結果才會公佈。

十月六日，PEK水運會于城大游泳池盛大舉行。比賽現場掌聲雷鳴，鑼鼓喧天，口號聲不絕於耳。我們群智堂人身著紅色T恤，自豪地為我們群智堂的12位運動健兒加油吶喊。下午四時三十分左右，舍堂之間的游泳比賽正式開始。隨著比賽的進行，運動員們離終點越來越近，觀眾席的吶喊助威聲也變得震耳欲聾。

親臨現場、加油助威的我，目睹了我們運動員奮力拼搏所帶來的精彩表現。儘管我沒有參加比賽，但早已身臨其中。當我們的運動員與其他舍堂的運動員相距一絲一毫時，我心跳加速、十分緊張。當我們的運動員成功抵達終點時，我的全身都起了雞皮疙瘩，一種歸屬感油然而生，我為他們深感自豪。群智堂的運動健兒們為我們收穫了極好的成績（女子第二和男子第三），對他們的辛苦付出深表感謝！

Floor Decoration

The floor decoration competition was held on 8th of October. Before that, given the topic of "champion", all the residents living on each floor had made great efforts to decorate their floor and got well-prepared to present their work.

At 8pm, the competition officially began. Our judges, Ben and Yemmy, carefully listened to the presentations, evaluated the decoration and gave their marks. Some of floors used symbolic patterns to represent the spirit of hall 4, and some of them ingeniously converted the materials used in the past into designs fitting this year's theme. The great variety and high quality of all floors' decoration impressed the judges a lot.

After visiting all floors, the judges had a discussion; meanwhile, residents voted for their favorite floor decoration. 2nd, 3rd, 8th, and 9th floor got most votes from the residents. 2nd floor focused on sports and showed their energy and confidence to win the championship for Hall 4 through their decoration. Both 3rd and 8th floor created wonderful lion drawings to represent the tag of "Cornwall lion" for Hall 4 residents, and the artwork done by the collaboration of all floormates exhibited their good relationship and won the satisfaction of judges. 9th floor girls used the slogan "on cloud 9" to show their love and happiness. There

were many cartoon drawings to show different personalities of residents on this floor. To judges' surprise, the girls also prepared a floor song composed and lyrics by one of the floormates. Though the song was not counted into the decoration grades, it did show the solidarity and friendship of 9th floor.

Not surprisingly, the four most popular floors ultimately got the top 4: 3rd and 8th floor got the 2nd runner-up, 2nd floor got the 1st runner up, and 9th floor won the champion. Their artistry, creativity and efforts, as well as the environmental friendly ways and team spirits were highly appreciated by the judges.

Just as Ben said, floor decoration was not an end but a new start, for all the floormates to make acquaintance and get familiar with each other through the preparation process. Hope that we can still gather together, and enjoy our time being floormates in Hall 4.

樓層裝飾比賽在十月八日舉行。開始之前，主題定為“冠軍”，每一層的宿生都為裝飾他們的樓層而努力，並且精心準備了他們的展示。

晚上八點，比賽開始。Ben和Yemmy，作為裁判，仔細傾聽了每層的展示，並且對其做出了評價和打分。一些樓層用象徵性的圖案代表Hall 4之魂，一些樓層巧妙地利用了以前裝飾的材料，做成了契合主題的裝飾。各式高質量的樓層佈置著實令裁判們印象深刻。

在參觀後，裁判們進行討論，同時，各宿生也開始為最喜愛的樓層投票。第二、三、八、九層獲得了最高票數。二層著重於他們在運動中的精神與能量，並展現了對裝飾比賽奪冠的自信。三層和八層都創作了精美的手繪獅子，代表著Hall 4的宿生是“歌和老街之獅”；他們共同製作的藝術品展現了團結一致，也贏得了裁判們的青睞。九層的姑娘們用“雲上之九”的標語展現了她們的愛與幸福，還用卡通畫展示著她們不同的個性。令裁判們驚訝的是，九層的姑娘們竟譜寫了一首九層之歌。雖歌曲不會計入總分，但歌聲中能感受到她們的團結與友誼。

水到渠成，這四個最受歡迎的樓層獲得了前四：第三層和第八層奪得季軍，第二層奪得亞軍，而冠軍榮歸九層。他們的藝術性，創造力和努力，環境友好的方式以及團隊精神，都得到了裁判們的高度欣賞。

如Ben所說，樓層裝飾不是結束而是新的開始，是讓同住一層的同學們逐漸認識與相互了解的過程。希望大家能夠同聚一堂，享受在Hall 4的每一刻。

PEK Athletics

CityU 25th Annual Athletic Meet was approaching as the weather in Hong Kong got cooler. It was a perfect time to show our great enthusiasm in fighting for Hall 4. On 14th October, we gathered at the Joint Sports Center, and our hall team entered the arena with high spirits. Cheering team also gave our participants the warmest support.

Women's 4x100m relay took place first. After Cindy, Anna, Jemmima and Sophia got ready on their positions, all of us held our breath and waited for the command. At the sound of the gun, the first runner shot from the starting point. Runners exchanged the baton smoothly and ran at their full speed. Our hall secured the 1st Place in the heat.

The second competition was men's relay. Piku, Yannick, Lloyd and Warren were ready to show their strength. After the gunshot, runners tried their best to overtake every opponent in front of them, and it was really exciting to see our hall take first place eventually. The last runner crossed the finish line to a burst of cheers and screams.

MEET & CHAT Night

Meet and Chat Night also known as MAC Night kicked off in week 9. As residents are already familiar with each other at this point of the year, initiating conversation and mingling with each other is no feat. This event was a good opportunity for residents to interact with the Student Residence Office (SRO). With the approachable Director of the SRO, Mr. Wilson Lam present, residents were able to bring up any concerns or policy changes regarding the Student Residence and their life in Student Residence. Apart from some interesting facts shared by the director about the residence, residents shared snacks, drinks and laughter. The feeling of togetherness shone through this event as residents joked about with each other.

Highlighting the importance of the PEK in his presentation made all the residents enthusiastic about it. With Hall 4 at joint first place, all the athletes amongst the residents seemed anxious to get back onto the field to make Hall 4 proud. Although the event was laid back and enjoyable, it was also very informative, especially for new residents. Finally, the event concluded with the usual photo session. With smiles and laughter all around, MAC Night served as a medium for pleasurable exchanges.

High Table Dinner

The High Table Dinner was successfully held on the night of 14th November, by the newly elected 13th Executive Committee of the Residents' Association, Fortress. This year's theme was "The Little Prince" so the venue decorated as B612, the homeland of the Little Prince. Uncle Siu, a famous on-line English teacher, was the guest of honor in the event.

High Table Dinner is always a highlight in Hall 4 activities. It started with a simple but inspirational interview with Uncle Siu where he gave the advice of "follow your heart" to the newly elected Executive Committee, also to all residents. Then our hall master, Prof. Ben Leung, shared 3 different stories about "looking at the world with your heart" and "striving for excellence". The most thought-provoking one was the last part where Prof Leung shared a story of a boy, who worked hard and received a lot of help from others, eventually became a professor-the story of himself.

Food after the speech was fantastic, with steak, fish, and spaghetti served as main course. Residents really enjoyed the shows performed by talented residents, ranging from singing classic Chinese songs to a magic show where Prof Leung was invited on the stage to be an assistant. Lucky draws was also a highlight because many residents won great presents.

The event followed was the Inauguration Ceremony of the newly elected Executive Committee of the Residents' Association. The Committee members swore to serve the residents with determination while residents gave the most supportive applause.

It was a great night. Everyone went back to their room with a dinner that they shall never forget.

Q: How was the Night?

A: I had a great night! The food was great and the shows were amazing!

Q: Any part you think was quite memorable to you?

A: I loved the funniest part. Prof Leung went up to the stage to be the volunteer of the magic show when the water was about to be poured down, he asked: do you want to return?

在十一月十四號，我們宿舍的高桌晚宴成功舉辦啦！這屆晚宴由第十三屆宿生委員會舉辦，主題是小王子，場地也被裝扮成了B612星球的樣子。晚會也邀請了以為有名的英語老師，隋叔，作為榮譽嘉賓。

高桌晚宴一直以來都是我們宿舍最有意義的活動之一。本次晚宴由隋先生的訪談拉開帷幕，他告訴我們，應該要遵循自己的內心。隨後，我們的宿舍長，梁教授，告訴我們要勿忘初心，精益求精。最後梁教授以自己的親身經歷教導我們要堅持不懈。

主辦方提供的食物也十分美味，包括牛排，魚柳和意麵。大家在享用美食的同時，也觀賞了宿生們的表演。表演十分精彩，囊括中國傳統音樂，西方魔術，梁教授甚至被邀請上台做魔術助手呢！

On November 25th, our residents gathered on the roof of Creative Media Centre and participated in the “Silent Sky Project”. This project was initiated by Dutch Visual Artist Mr. Rob Sweere, and this was the 83rd project in the 29th country of this experiment. Even though it was rainy and windy, our 15 participants were still very enthusiastic about this unique and meaningful experience. More surprisingly, persevered throughout the whole 30 minutes in heavy rain. Residents laid down and looked at the sky in complete silence. They enjoyed this period of time that only belonged to themselves. It would be very unforgettable, because most of the time we cannot really get rid of external interference. After 30 minutes, Rob announced the completion of this project. All the participants got up, cheered, hugged each other, and gave each other a high five. They looked so happy and proud. It was so considerate that staff from SRO and our tutors had already prepared hot tea and towels for our participants. After our residents had a rest and recovered their energy, all the people gathered together and shared their own feelings of the project. They really appreciated this valuable chance to enjoy their own time. They could see the clouds floating in the sky, hear the sound of the wind and feel the raindrops falling on them. It was quite interesting when one participant described how the raindrops were falling on his glasses. All kinds of senses seemed to be amplified in this peaceful atmosphere, and our participants observed every small detail that is usually overlooked in our life. Despite the steady rain, participants said that they were not bothered by the weather. Instead, they calmed down in the silence, had time for own thinking and felt the inner peace. Participants felt refreshed after this peaceful and silent time.

Farewell Party

In semester A, many freshmen and exchange students joined the Jockey Club Academy Hall. After spending a semester together, we all became good acquaintances. However, all good things must come to an end and we had to say goodbye to the exchange students and some residents who would leave Hall 4. A farewell party was held to mark the end of their colorful hall life.

The farewell party was conducted in a relaxed and pleasant atmosphere. We had snacks and drinks and talked to each other. The Residents' Association also prepared souvenirs for those who were leaving Hall 4. Students who were going to continue staying in the hall sang a song to see them off. Residents took photos in front of the wall of starry sky as a memento, with a JCAC passport and an air ticket offered by Jockey Club Academy Airlines in their hands. These decorations signified that the Jockey Club Academy Hall is a place where we all depart from but the destination is our dreams. Finally, we took a group photo with the biggest smiles to end the celebration.

We may be apart at the ends of the earth and beyond, but that is not the end of the world. Our hearts are bound. Wherever we are, we are always Academians, the Cornwall Lions. Every ornament in the hall, every photo and every champion in the PEK Cup, all of them together record the contributions that the Academians have made to Hall 4, and Jockey Club Academy Hall will also be proud of every Academician.

Goodbye my friends!!!

Trip

The integration trip was held on the 1st of December and was the final major event of semester A. The academians went on a trip to the island of Cheung Chau to experience a unique aspect of the local culture of Hong Kong. Cheung Chau is a small fishing island located 10km off Hong Kong and has a population of around 22,740. It is a beautiful island that boasts a stunning mountain range surrounded by a beautiful harbour and beaches.

The academians arrived at the island and were treated to the aroma from the food stalls and traditional restaurants at the harbour. The residents were taken to the ferry terminal in Central district. From there, they took a 45 minute long ferry to the island. During the trip, they went to tourist spots such as the Pak Tai temple, which is the oldest temple in Hong Kong. The participants had a delicious seafood lunch and feasted on local delicacies like the famous 'Mango Mochi'. Since the island

was so small, it was convenient to just walk around it, and the academians were constantly greeted with the stunning views of the mountains which were lit brilliantly in the setting sun. Towards the end of the day the academians took part in group activities and flew kites. The trip gave the academians a much needed getaway before the hectic exam schedule.

One of the participants, Julian Grander, who was an exchange student from Austria said that "It was a nice getaway with fun group activities and the trip was very well organised." Another resident of JCAC, Lloyd John Lobo said that his favourite part of the trip was the kite flying as it was a new experience and "it was fun watching the soar in the wind." Overall the academians had a wonderful and memorable experience.

FUNFAIR

The Funfair was held on the 23rd of January, the first major event on the calendar for Semester B. The Academian Funfair was the perfect chance to kick back and relax before being hit hard by the workload of the semester.

The Academians could play a wide variety of games, such as mini-basketball, ring toss and mini-bowling, in which they could earn points. These points could later be cashed in for gifts such as chopsticks, cup noodles, chips and household items. In the mini-basketball game, the participants had to score a set number of baskets at different distances from the hoop. In the ring toss game, they had to throw a ring from a short distance around some lollipops that had been stuck on a board. In the mini-bowling game they had to try to knock down as many mini-bowling pins on a table as possible using a small rubber ball.

FUNFAIR

HALL 4 LIFE

The participants could also enjoy some snacks and refreshments while bonding with their friends. They were served drinks, cotton candy and caramel candy. Overall, the participants had a night to remember and enjoyed bonding with their fellow hall mates.

春

Spring
chún

The student residence, puts up some brilliant events, throughout the year, and the spring festival is one of its grandest shows. This year, we had it in and around Multi-Function Hall-A. It was held on 19th of February, from around 6:30pm. The festival started with great pomp. There was a multitude of games to enjoy and win prizes from and some delicious food to taste and munch on as well.

Hall 4, was quite an active supporter of the event and had a very entertaining stall of its own, wherein, some of our students had setup some games. One was about putting a ball through a basket, as in a miniature basketball, and the other being able to toss a ring through the target. Winning those games, could win you a stamp, which could later be exchanged for gifts at the redemption counter. Similar to this, there were many other games which included some extremely beautiful prizes as well.

Moving on to the food, there was a myriad of tastes from all over the world, which included, Taiwanese, Indian, Thai, Malaysian, Chinese and Hong Kong cuisines. This filled the air with beautiful flavors and further made the event very appealing. It was wonderful to taste so many different kinds of food and know and learn about their cultures as well.

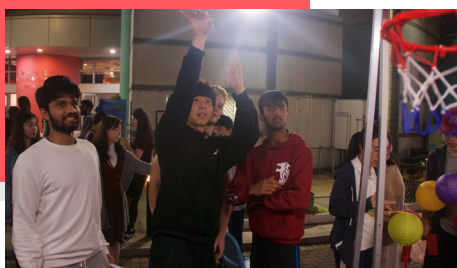

The performances were perhaps the highlight of the evening, which started after the arrival of the VIPs. It started off with the welcoming ceremony, wherein the emcees introduced the dignitaries, including the deans and the resident masters. After the inception, the show moved on to its climax, wherein, MFHA was consistently filled with loud cheers and happy smiles.

It started off with a contemporary dance, which was highly energetic, moving on to a very graceful Chinese dance performance. After the dances, some Indian singers took to the stage and performed a beautiful song for the audience, followed by other singers, including a Korean band performance. This was followed by more Chinese and Korean dance recitals, before moving on to the stars of that night: Mr. A very popular local band, Mr., came and conquered the stage with their powerful melodies, and incredible music. It was a definite treat to the ears.

學生宿舍每年都會舉行各種活動，城·春節是其中最重大的一個。今年的二月十九日晚，城·春節在多功能活動廳A隆重開幕。大家參與了許多遊戲並大啖美食。

Hall 4 一直非常積極地參與這個活動，並有一個十分有趣的展亭，宿生們在其中開展投籃、套圈的遊戲，參與者會在通關後贏得可以交換禮品的印花。與此類似，還有許多別的遊戲和精美禮品。

再看來自世界各地的各式美食，有台灣的、印度的、泰國的、馬來西亞的、中國內地以及香港的菜式。空氣里溢滿了美好的香味，也讓活動更加誘人了。在品嚐美食的同時，大家也對其中蘊含的文化感知到了一二。

而之後的表演也是最精彩的部分。在貴賓們落座後，便是歡迎儀式，司儀向大家一一介紹了到場來賓，包括各部主任以及宿監們。表演的開始，讓整場活動到達了高潮，歡呼聲也一浪高過一浪。

首先是充滿能量的街舞表演，再是優雅的中國舞，之後還有印度歌手和韓國樂隊的表演。最為耀眼的，便是本地的流行樂隊Mr.的到場，他們以最有力的節奏和極富感染力的音樂征服了舞台。這絕對稱得上是一場視聽盛宴。

After a long period of selection and preparation, this year's PEK basketball tournament officially got started on Jan 24th. Our players did their best in each single match, and the female team won the 1st runner up, creating an amazing history for hall4.

In the first match of male team, they played against hall7, a strong team with prominent physical conditions and teamwork. Their advantages made it easier for them to gain the points, but a harder game for our players. Although we frequently substituted the players, our lack of perfect teamwork ensued lots of faults, and it was more difficult to even the score with the inefficient offenses. The players did their best, but unfortunately did not get the victory in the first match.

Male team's second competitor was hall 5. The first half of the match was a close game indeed, and we got 3 points ahead at the end of the first half. However, the fouls of our team gave the opponent opportunities to catch up and outscore. In the last quarter, it was hard to lead the score again while our players still worked hard and did not give up any scoring chance. We buried a nice shot at the very last second. Though the buzzer beater could not make a turnaround, it absolutely showed the persistence and tenacity of hall4 players.

Though regretfully, the male team could not enter the knockout stage, our female team did an astonishingly good job in this year's tournament. They got the 1st runner-up, breaking the record of hall4 in basketball competition for women.

Led by two skillful players Bee and Hobbie, our female team easily won the first two matches in the group stage. In the quarter final, our female team played against hall 6. Again, Bee showed her outstanding capability and skills. Her fluent jump shots, layups, and perimeter shots helped the team outscored through the match. Also, other players' active defenses and the admirable teamwork contributed to the victory.

Female team met with hall9 in the semi-final. Our players kept offenses and defenses without any sluggish. In the first half, we have got several points ahead the opponents, while in the second half, with the leave of the key player in opponent team, we further to expand the difference to be over 10 points, and kept it till the end of the match.

The final match was doomed to be a fierce fight. Our three main players—Bee, Hobbie, and Lyan played the whole match with all efforts. Two teams alternately led the points and the gap was so small that just one shot could make a turn. Our cheering team was also shouting our encouraging slogans and expecting for our players' goal in. In the second half, the opponent's three-point shots gave us much pressure.

Our players tried hard to break through the defense and narrow the difference. Regretfully, we did not even the score by the end of the match, leaving only 2 points behind. Though we could not win the final, our female team have made a brand history for hall4 as 1st runner-up in PEK basketball competition for women.

在漫長的隊員篩選和訓練之後，幾年的宿際籃球比賽終於在1月24號正式打開啦！我們所有對面都竭盡全力，每場比賽都表現出色。女子隊更是獲得亞軍佳績，開創我們Hall 4的新記錄。

我們男子隊第一場比賽對上了實力強勁的Hall 7代表隊。對手以身高和體能優勢不斷得分，相比之下，我方頻頻還員，且團隊合作欠佳，難以組織有效進攻。最終難敵對手敗下陣來。但我們確實從比賽中看到了我們隊員的努力，但事與願違，首戰並未告捷。

男子隊第二場對陣Hall 5。前半場比賽雙方你追我趕，局勢緊張，我方在中場領先對方三分。然而，我方下半場頻頻犯規，使對方不斷借機得分，最終反超我方。在最後四分之一場時，對方優勢已然建立，我方隊員雖竭盡全力，不輕易言棄。但遺憾無力回天。雖然男子隊結果不盡人意，但他們依舊打出了風采，打出了拼搏和努力。另一方面，女子隊不斷開花，表現優異，摘得亞軍獎牌，並且打破我們宿舍有史以來的最佳記錄。

女生隊在優秀的 Bee 和 Hobbie 的帶領之下，前兩場輕取對手。在半決賽時，我方對陣Hall 6。Bee 選手再次向大家展示了她強勁的實力。運球、過人、扣籃、一氣呵成，已然大殺特殺。我方隊員的防守堅如磐石，且配合默契，使得我方頻頻獲勝。

在漫長的隊員篩選和訓練之後，幾年的宿際籃球比賽終於在1月24號正式打開啦！我們所有對面都竭盡全力，每場比賽都表現出色。女子隊更是獲得亞軍佳績，開創我們Hall 4的新記錄。

冠軍之路註定充滿荊棘坎坷。我們的三名主力隊員全場沒有休息過一分鐘，堅持打完全場。雙方分數緊追不捨，一個進球都可以隨時扭轉戰局。我方啦啦隊也盡力為選手吶喊助威。在下半場，對手不斷進三分球，使我方壓力頗大，我方隊員竭盡全力。最後無奈以2分的微弱差距丟失冠軍，屈居第二。儘管如此，我們的隊員還是創造了我們宿舍的歷史。

Which aspect do you think that our team need to improve for next year's competition?

Lyan: I do think we still need more practices and trainings for next year. Hope that in next year, more trainings can be held on the AC3 court so that we can have more members participate in and improve their skills and our teamwork.

Andrew: In fact, our members are quite skilled and capable. The shortages of physical condition are out of our control. The only thing we need to improve may be our teamwork, because the time was too short since the team officially formed.

END

Admittedly, it is a real long journey for all participants, especially for the players on the field. They strived for the games and never gave up even if the last moment. They showed hall 4 spirits to all, and their persistence and contribution deserve all the encouragement and admiration.

Q: 你們覺得今年大家表現的如何?

女子隊: 我覺得我們今年表現的非常好! 大家都很努力, 我們最終也獲得第二名的好成績!

男子隊: 我覺得我們盡力了。我我們隊伍隊員你的身體條件相比對手確實是不盡人意, 特別是身高不夠。我覺得我們表現的很好, 但是對方隊伍總是有校隊的高手。在比賽的時候我們從來沒有想過放棄, 我們也試圖抓住每一個得分的機會。我覺得我們的運動員精神是值得敬佩的。

After intensive training, our hall table tennis team faced off the competition which comprised Hall 8 and Hall 9, on 28th February. We first fought against Hall 8. The two matches of Men's Singles and Doubles were very tense, as they were well-matched in strength. Our players all put in great effort, but because of some technical mistakes, we unfortunately lost the two matches. However, we won the two matches in Women's Singles and Doubles with overwhelmingly excellent performances. The last match of the day was the Mixed

Doubles, which we lost in a narrow margin of 2:3. After this, we had a second match against Hall 9. The situation was surprisingly the same as the first match. Although we lost both the Men's Singles and Doubles after the tense matches, we won both the Women's Singles and Doubles yet again. It came to the last match once more, but this time, our team had gained experience and displayed stable performances. With 3:2 in total, we won this match and moved to the Quarter Finals.

HALL4

On 1st of March, our players and cheering team came to the venue early and were well-prepared. Our players showed high-level skills and won both the Men and Women's Singles matches swiftly. Their stable defense and powerful attack inspired everyone there, and the cheering team had a high morale. However, in the two Doubles matches, our players were faced with a challenge. Though all of our players tried their best and discussed strategy during the break, we sadly lost the two matches. The final battle fell to the

Mixed Doubles again. Our team performed well in the first round, but the opponents seemed to detect our weakness and retaliated with powerful attacks. We lost the next few rounds. Our hall team unfortunately failed to make it to the next stage in the tournament, but all of our players showed their tenacious spirit and unity as a team. Meanwhile, our cheering team also gave the players their much deserved support. Everyone felt proud to be a part of this big family. We will definitely win it back next year!

Ngong Ping

- Cultural Trip

Before the challenging and stressful mid-term exams, the Academians took a trip to Ngong Ping to relax and destress. Ngong Ping is a tourist attraction in Hong Kong and is famous for its attractions like the Po Lin Monastery and Tian Tan Buddha. Following the guidance of our RA team, our first stop was the Big Buddha. Making our way up 286 steps, we finally arrived at the bottom of the lotus stand of the Big Buddha. At such close proximity to this magnificent 34-metre bronze statue, we admired its design and construction along with the fantastic view of the hills and the village.

Our next stop was Po Lin Monastery. Before we entered the temple, the smell of the incense sticks

encircled the Monastery's entrance. Since it was a weekend, lots of tourists visited the monastery and burnt incense sticks. Some of us prayed in the Main Shrine Hall of Buddha as well, wishing for happiness, health and safety.

After enjoying a traditional vegetarian meal and famous bean curd pudding at the vegetarian restaurant, we went on to visit the Wisdom Path. As we walked through the woods, the afternoon sunlight leaked from the cracks between the leaves, bringing the feeling of calm and harmony. The Wisdom Path has 38 huge wooden columns, on which the Heart Sutra is curved. The wooden column at the top is empty, indicating the concept "void" in Buddhism.

On our way back to the Ngong Ping village, we saw oxen taking a walk on the main street and eating grass nearby, as if the village was their own grazing field. An ox is an important symbol in religions, especially in Buddhism. We took pictures with these special residents as a memory of the cultural trip.

The trip to Ngong Ping helped us see another side of Hong Kong culture that we seldom get to experience, which was really meaningful and enriching.

在期中考試的壓力與挑戰降臨之前，我們Hall4人在一個清爽的週末到平壤偷閒。平壤是香港本地著名的旅遊景點之一，標誌性建築包括天壇大佛和寶林寺。在宿舍嚮導的帶領之下，我們首先參觀了天壇大佛。在爬上了286層佛塔后，我們終於到達了佛像腳下。此銅製佛像共計34米高，與山間美景融合一體。佛像俯瞰山間村莊。

我們緊接著造訪了寶林寺。在我們到達寺院之前，就已經聞到了撲鼻的佛香。可能因為是週末，有許多旅客前來上香，所以寺院香火才如此興旺。有些同學也在佛像前祈福，盼求幸福安康。

在寺院用齋后，我們去往了靈隱路。春光如練，從竹林山澗之前流淌下來，如金色的山泉，照在我們前進的路上。靈隱路共由38個木質柱子支撐，木主頂端衍伸至路上，頂端中空，映射佛教中‘萬物皆空’的思想。

我們隨後回到讓平村，街邊時常看見牛兒吃草，且一點不怕生人靠近，似乎已經把村子當成了自己的牧場。事實上，牛是當地人佛教信仰中一個重要的標誌，我們最後也與這些特別的‘村民’拍照合影。

讓平之旅讓我們看見了繁華香港樸素的一面，這也是身處九龍平時甚少能夠體驗到的，非常有意義。

This year's hall singing contest, named AcaNova, was successfully held on March 6th. 10 solos and 5 groups participated in the contest, and all of them, with the special guests together, gave us a feast of music. Vocal instructor, Ariana Lau and Jack Ha were invited as the referees.

First part was solo competition. Coincidentally, all the solo singers chose ballad songs, but each of them showed distinct charm in their performances. Cheung Ho Kwan's soulful performance—从前慢(Slow days in the past) took the audiences back to the peaceful old days. Her skillful singing was highly appreciated, and she won the 1st place in solo as well as the most popular contestant voted by the audiences. Following Cheung, Chin Tsz Ho and Lai Ting Yan also performed in high quality, and they won the 2nd and 3rd place in solo respectively.

In the break between solo and group, our hall master, Ben, tog ether with resident tutor, Victor and, Jeffery, KC from current resident association delivered a surprising performance.

Their song—无赖(Rogue), with the sitcoms, received heated applause and cheers, and climaxed the atmosphere. The champion of last year's singing contest, Vicky as a special guest, also gave a wonderful performance and showed her excellent singing talent.

GAGA was the first group on the stage, and they won the 3rd place of group for their powerful performance. Formed by two experienced contestants, Lai Ting Yan and Ng Ting Wai, the group named as 08280828, undoubtedly won the 1st place of group competition. And the last group 繖眩冰, using a mega mix, accompanied with lively dance performance, won the 2nd place ultimately.

After all the performances, the referees kindly gave their comments and valuable advice to each participant. They presented the prizes and took photos with each prize winner.

At the end, to respond to the audience, Ben and his partners gave an encore. The on- and off-stage chorus kept the fiery atmosphere till the very last second.

三月六日，一年一度的群智堂唱歌比賽成功舉行。十位個人選手，五個組合和特邀嘉賓為我們奉獻了一場音樂盛宴。聲樂指導，Ariana和Jack受邀為本次比賽的評委。

首先進行的是個人選手的比賽。所有參賽選手不約而同地情歌，但在表演中投入的情感各有不同。Cheng充滿深情的表演（從前慢）把觀眾帶回了平靜的舊時光裡。她精彩至極的演唱獲得了高度讚賞，最終她獲得了個人演唱的第一名，並被評選為觀眾最受歡迎的參賽者。Chin和Lai也都以高質量的表現分別獲得第二、三名。

在比賽中場時段，我們的捨監Ben和宿生導師Victor以及宿生會的Jeffery、KC共同為我們帶來了相當精彩的表演。他們配合情景劇演唱歌曲無賴，收穫了熱烈的掌聲和歡呼，將現場氛圍推向極點。去年唱歌比賽冠軍Vicky做為特邀嘉賓也為我們奉獻了精彩的表演，展現了她卓越的演唱天賦。

GAGA是第一個上台表演的組合，她們以強大的氣場贏得了組合中的第三名。由比賽經驗十分豐富的Lai和Ng兩人組成的08280828組合，毫無懸念的獲得了第一名。最後一組緻眩冰歌舞結合，最終獲得第二名。

所有演唱結束後，評委給每一位參賽者做出了相應的評價，並給了一些建設性意見。然後他們為獲勝者——頒獎並與之合影。

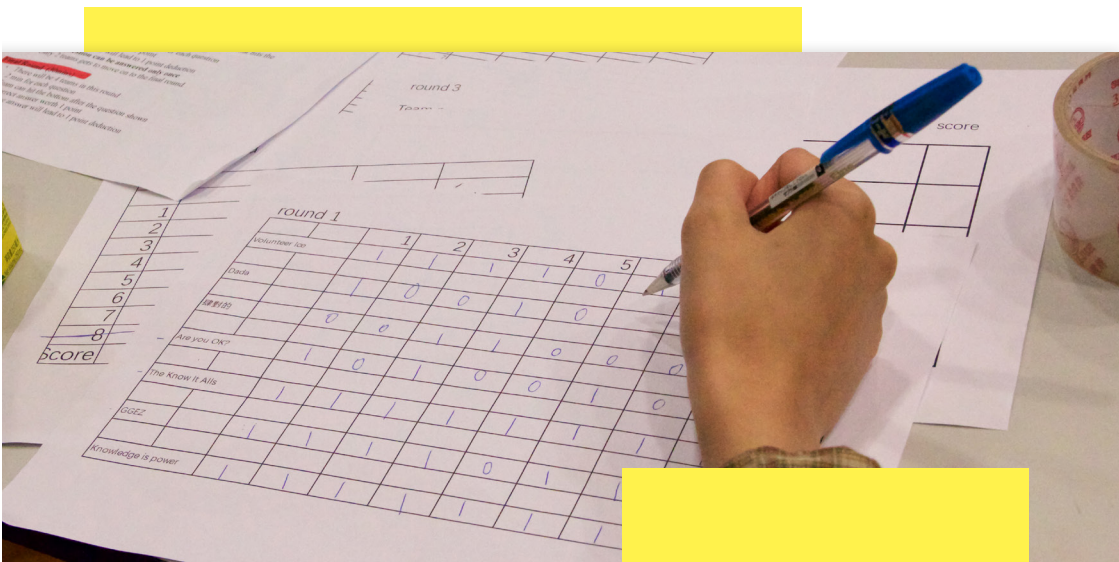

最後，在觀眾的熱情請求下，Ben和他的同伴們進行了返場表演，台上台下大合唱讓熱烈的氛圍一直持續到活動的最後一刻。

The Q&A Competition was held successfully on the 19th of March in Multifunctional Hall A. Each team competed with each other to see who could answer the most questions correctly. Some categories of questions included CityU Fun Facts, Movies, History, and even Business, which were all very interesting and funny.

There were a total of 7 teams, which had very interesting names: there were Team Volunteer Ice, Team Dada, Team 肆對的, Team Are You OK?, Team The Knows it Alls, Team GGEZ and Team Knowledge is Power. They were all very strong competitors as many of the teams consisted of residents with science, arts and business majors. Surprisingly, many of them could even answer questions from aspects out of the university environment, like Mythology and Fun Facts, which were amazing!

呵科

Before the competition, our Hall Master, Prof. Ben Leung gave a speech about how knowledge can be fun and interesting, changing the mindset of it being monotonous and boring. He ended his speech by enlightening the competitors to do their best in the game. With that, the audience clapped and that marked the start of the competition.

With three rounds of competitions, a resurrection round, and with questions varying from Multiple Choice and Short Answers, the competitors strived for excellence and tried their best to get the most correct answers.

One of the highlights was the last part – where the remaining teams attempted to solve as quickly and accurately as they could some difficult mathematical questions. Finally, a winner was declared – Team GGEZ won the competition! Congratulations to Waleed, Ali, Victor, Patrick and Eugene!

Both the competitors and audience had a fulfilling and fun night, surrounded by the ocean of knowledge.

Knowledge
is fun!

三月十九日，Q&A知識大賽在宿舍區的滿珍綜合禮堂成功舉行。比賽中，各隊通過搶答各類問題來一分高下。問題的類別豐富有趣，涵蓋城大趣事、電影、商業等多個方面。

本次比賽共有七支參賽隊伍，他們的隊名非常有趣，分別是Volunteer Ice, Dada, 肆對的, Are You OK?, The Knows it Alls, GGEZ以及Knowledge is Power。比賽現場高手雲集，每支隊伍都由來自理科、文科和商科專業的宿生組成。令人驚歎的是，很多參賽者還能回答除大學知識以外的問題，例如神話和趣事。

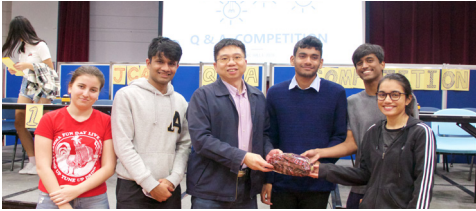

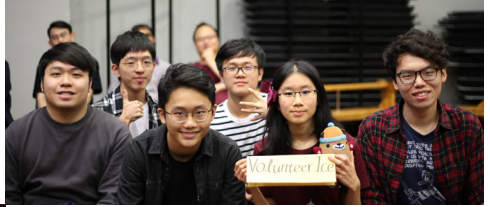

比賽正式開始之前，我們的舍監梁國華教授在致辭中談到知識的趣味性，他的

講話一改知識單調乏味的面貌。最終他鼓勵大家全力參與並結束了講話，觀眾掌聲致敬，比賽正式拉開帷幕。

比賽分為淘汰賽、復活賽和決賽三個階段，問題包括選擇題和簡答題，參賽者竭盡所能地回答每個問題，以展現他們卓越的能力。

比賽的高潮來自最後一個階段，進入決賽的幾個隊伍一邊快速計算一邊搶答複雜的數學問題。最終GGEZ贏得了冠軍！恭喜Waleed, Ali, Victor, Patrick和Eugene！

參賽者和觀眾們在知識的海洋裡度過了一個十分精彩的夜晚。

POON CHOI FEAST

The Residence Association's final event of the year promised several exciting prospects and it certainly did not disappoint. With round tables set up and the traditional poon choi pot of food placed in the middle of ten tables, this successful event saw the gathering of around 120 Academians. The event kicked off with our very own hall master, Professor Ben addressing the crowd. On his request to "Have Fun", all of the academians set out to decimate the delicious food.

The possibility of a table winning the best costume was the reason for a few spectacular costumes and disguises. With different themes across tables, all of the academians seemed to not only satiate their sense of taste but also their sense of sight. Stunning Disney

princesses, princes, academians in traditional attire and a few camouflage bushes kept the others very well entertained.

Post the food, the Residence Association members went on with conducting a Bingo game. Tensions rose as the players anxiously pressed down their numbers hoping lady luck would come their way. Fortunately, there were no fakers as academic honesty is very important in University. While luck evaded a few, some academians were lucky enough to get their names called out during the exciting lucky draw. Unfortunately for the final winner, the mini-fridge turned out to be more like a nano-fridge.

In order to keep the happy mood in the air, it was time to play some more games. The unlucky were called up and made to read a newspaper in the tune of a song and the audience was made to guess the song. The lyrical changes aided by not very talented musicians left the audience laughing and clueless as to what song was being sung. Apart from this, the quick-fire questions game was comical as the participants would panic and in turn end up getting a balloon burst between their body and shirt.

The numbers game was cause for concern for all the participants who were punished on guessing the correct number by either being made to eat a whole wasabi biscuit or getting a face full of whipped cream. To our beloved hall master's misfortune, he was made to eat a wasabi biscuit right before he gave us a thousand dollars, to one lucky academian.

As the night went on, it climaxed with an amazing and surprise costume change from our hall master; a splendid performance by the RA and finished off with the usual picture taking. All in all, the event was an immense success and all of the credit goes to the RA, the helpers involved and of course all the academians who made it all possible.

Cooking Competition

On April 4th, 32 chefs from hall 4 were boiling, stirring, and frying while making their own dishes for the cooking competition. Each group was given one and a half hours to cook their dish, and at 8:30pm they presented their dishes in front of the judges and the residents. After their presentations, the judges and residents had a chance to taste their dishes~

Group 1 "Ready 4 Red" from the 1st floor made 'jjajang mian' with different sauces. They introduced it as a traditional food from Beijing. One of the chefs recommended to add the spicy sauce which tastes the best.

Group 2 "Appe-Thai-Zing" from the 2nd floor made Red Thai curry. The name of this group already showed where the food was originally from. The dish included Thai rice fish crackers and a coconut milk-based curry. They said that they have bought all the ingredients from the Thai store which was quite interesting.

The third group "Cooka Cooka" from the 3rd floor made Borscht, a Russian dish. They linked their food with theme colour of red. The sauce was made with tomatoes, potatoes and carrots. They fried the potatoes and added the carrots before cooking so that those scents could remain in the soup. For the tenderness, they cooked the beef for a long time.

Group 4 "Hall 4 Master Chief" from the 4th floor made Sweet and Sour pork, which is a famous traditional local food. It took exactly one and a half hour for them to cook it. One interesting thing was that they fried the pork two times to make it crispier.

Group 5, with 4 members, said that they made their group name as "HAHAHA" so that people can laugh after they try their delicious food. They presented a chili chicken and a dessert. The sauce wasn't the one from the market, but it was home-made which made the food unique. They have added jelly as a dessert because of the spiciness of the chicken.

Rediton

Group 6 “Fanta-sea” with 4 members had an extraordinary recipe that no one could think of. They presented a chicken wing which is a Chinese traditional dish, but they used fanta rather than Coke when cooking it. They said it was also a challenge because no one tried this method.

Group 7 “Go 9” made Penne Arrabbiata, which is an Italian food that has a meaning of “angry”. The dish was made with tomato with pepper and it was vegetarian so that everyone can try.

At 9:30, the winners were announced. “HAHAHA” which made chili chicken was awarded as 2nd runner-up, “Cooka cooka” with borscht was awarded with as 1st runner-up, and finally, “App-Thai-Zing” won 1st place for the competition. All the chefs who have participated in the competition did a very good job and all the foods were unique and delicious indeed.

四月四日，來自群智堂的三十二位大廚煎炒蒸煮，大顯身手，為即將開始的廚藝大賽做好準備。每一個參賽小組都在一個半小時以內製作出了他們的美食，並在晚上八點半正式向我們的舍監以及所有的群智人呈現了他們的作品。緊接著，舍監和宿生們開始共用各式美食。

來自一樓的第一組“Ready 4 Red”配合著各種醬料製作了北京的傳統美食炸醬麵。其中一位廚師推薦大家往裡面添加辣醬，這樣可以獲得極佳的味道。

來自二樓的第二組名叫“App-Thai-Zing”，顧名思義他們製作的紅咖喱就來自泰國。這道菜包含了泰國米飯、魚片和椰奶味的咖喱。非常有趣的是，他們所用的食材均來自泰國商店，十分純正。

第三組“Cooka cooka”製作了一道俄羅斯佳餚——羅宋湯。他們的食物完美詮釋了群智堂以及本次比賽的主題色紅色。這道湯由番茄、土豆和胡蘿蔔混合製成。煮湯之前，他們將土豆炸了一次，配合胡蘿蔔，這樣能使香味留存在湯裡。為了得到更鬆軟的口感，他們把牛肉煮了很長時間。

第四組“Hall 4 Master Chief”製作了咕嚕肉，這是一道傳統的本地美食。為了使豬肉更酥脆，他們將肉炸了兩次，整整花了一個半小時才完成這道菜肴。

由四位成員組成的第五組名叫“HAHAHA”，他們希望大家品嚐他們的沒事之後都能開心一笑。他們製作了香辣手撕雞和冰粉（甜點）。手撕雞裡所用的辣椒醬使手工自製的，這也是這道

菜的獨特之處。與此同時，他們還搭配了一道甜點，使他們的作品更加特別。

來自七樓的第六組“Fanta-sea”有四位成員組成，他們的菜肴不同尋常，讓所有人都意想不到。不像傳統的可樂雞翅，他們用芬達配合豆瓣醬製作了炸雞翅。這確實巨大的挑戰，畢竟他們對傳統菜肴進行了創新。

第七組“Go 9”辣醬面，這是一道義大利菜，有憤怒的寓意。這道菜配合了土豆和辣椒，素食主義者也可以品嚐。

九點三十分，頒獎儀式正式開始。斬獲本次比賽的冠亞季軍的分別是“Appe-Thai-Zing”，“Cooka cooka”和“HAHAHA”。所有的參賽者都用心製作出來獨特且美味的佳餚！

On April 12th, Wong Cheung Lo Hui Yuet Hall was crowded with lots of residents from each halls due to the PEK singing contest. The cheering team from our hall was also prepared to give a loud applause and cheers for the singing team from hall 4 with shiny flashcards.

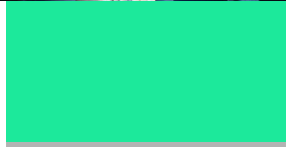

From our hall, Cheung Ho Kwan was the solo singer, and the cheering team gave a big applause when she appeared on stage. The combination of the pink lightings and 's pretty voice was marvelous. In the middle of the show, the camera also faced the cheering team holding the flashcards and all hoping her to perform well without being nervous. The high-pitched melody was sung very smoothly and well which calmed the audience down. After the solo singers' performances from each hall, there was a guest performance from Claudia Koh.

Next, it was time for the group performances. 12 members (Hung Yuk Pan, Ng Ting Wai, Wong Ho Chun, Li Chao hui, Lam Chun Kit, Woo Taz Ki, Wong Sin Ying, Chan Tsun Ting, Lau Ho Wang, Lau Hoi Tung, Wei King Hung, Huang Ching Ching,) from hall 4 with matching pink skirts or tees sang and danced a cute song. The last ending with the umbrella was really impressive and creative. Anyone could see how much they have put their efforts for that performance.

After all the performances, there was a band's performance and a prize presentation. Hall 4 won the 2nd runner up for the independent category and the 1st runner up for the story category. Sadly, we did not win any prizes for the PEK singing contest, however, it was really brave for all the members who performed on stage in front of over hundreds of people, and the performances were also fascinating. Additionally, not only the members who performed, Jiwon and Pan who were in charge of this also put lots of efforts.

四月十二日，PEK唱歌比賽在AC3黃翔羅許月伉儷講堂如期舉行。和其他舍堂一樣，來自我們的啦啦隊也做好了充分的準備，為我們的選手加油打氣。

當我們的獨唱選手張可君站上舞臺時，觀眾席響起雷鳴般的掌聲。粉紅的舞臺燈光完美地襯托出她優美動人的歌聲。在她表演中途，鏡頭還給到了我們群智堂的觀眾席，大家認真聆聽，在心中默默給她鼓勵。她的高音宛轉悠揚，讓現場每一位觀眾都驚歎不已。獨唱比賽結束後，受邀嘉賓許東晴為大家奉獻了精彩的演唱。

接下來就是組合表演。來自群智堂的十二位宿生身穿粉色半身裙或T恤，伴著甜美可愛的音樂邊唱邊跳，活力十足。最後“撐傘”的動作富有創意，令人印象深刻，備受讚賞。這是對他們場下辛勤付出的最好回報！

所有選手的表演結束之後，舉行了頒獎儀式。我們舍堂在PEK攝影比賽中，分獲個體組季軍和影集組亞軍。遺憾的是，我們沒能在本次歌唱比賽中獲獎，但是我們的選手站在數百人面前能表演得如此活力動人，足以贏得全場觀眾熱烈的掌聲。同時，我們也要感謝本次活動的負責人Jiwon和Pan，她們也為這場精彩的表演付出了很多努力。
