What is summer camp and how is it different than a normal school day?

Summer Camp is a “hands on” (8) week camp that allows each classroom to do different activities that involve weekly themes, an array of art projects, and incorporate qualified and certified guests/entertainers. These guests come and put on a fun and educational show.

Scheduled weekly tuition still applies:

The added summer camp fees are a one-time fee at the beginning of summer that helps pay for summer activities, crafts, projects and a pre-booked guest entertainment.

What if I opt out of summer camp?

Summer Camp is not an obligation, but it is an added option for the children and intended to remain educational yet incorporate outdoors and messy summer activities. Children not enrolled in the Summer Camp portion, will not participate in the designated summer camp activities, or guest/entertainment presentations. During guest shows children not participating may visit another classroom if space is available, if not they may visit the office. This is conducted in a well-mannered way so that children do not feel left out.

Permission:

By signing up your child/children for Summer Camp you are giving Notre Dame Children’s Academy and Notre Dame Family Services the full rights to allow your child/children to participate in all scheduled activities and performances/shows. Please specify if you DO NOT want your child to participate in any activity with a special note on their summer camp registration form.
