IRFU

Premium Line Internal Vibrators

Quite simply extremely flexible: The IRFU series

The high-frequency internal vibrators of the IRFU series are characterized above all by one feature: They simply connect to the 1-phase power supply and are ready for operation. Quick, simple, flexible. Ideal for independent operation.

- Integrated frequency converter
- Reliable operation, even if the input voltages fluctuate and when used with generators
- Sealed electronics
- Made in Germany
- Available in different hose lengths
