Tools

- Selenium
- QMETRY
- JIRA
- RPA UiPath Studio

Career graph

Associate Software Engineer
Info Tech Systems Inc
May 2014 - Oct 2015

Software Engineer
JP Stanley Morgan Tech
Oct 2015 - Jan 2018

Certification

Advance Developer
certification in RPA UiPath

Summary

Over 5 years of IT experience in Automation Testing, Functional Testing practices, methodologies, and standards. Comprehensive knowledge of software development life cycle and quality assurance methodologies like Analyzing Test Requirements, Defect cycle management.

Work Experience

Project2: UMGI - PIXIE

Functional Tester *Sep 2016 - Jan 2018*

- Analyzing the functional specifications and presenting via demo call to onshore design team to convey them in case of irregularities regarding the test process.
- Testing Process includes test case design, test data preparation, ingestion, XML validation and store them in a tool called QMETRY.
- Estimating the roadmap, total time required, manpower of each and every sprint
- Quick and efficient manual testing on all major modules of the Digital platform along with smoke testing, End-to-End testing, Maintenance testing and regression testing.
- Performing UAT testing during each and every sprint to ensure minimal flaws incurred, in addition to QA.
- Creation, management of defects through Defect cycle management tool called JIRA.
- Communicating about the go-live release's changes to the onshore/offshore operations team to facilitate maximum support from our side and Provide timely updates about the sprint and peer status with the Test Manager.
- Carry out regression testing every time when changes are made to the code to fix defects.
- Experience to run the test cases using Selenium tool.
- As a critical resource, I have led the team in several occasions especially during critical phases of the execution.
- Mentoring /guiding Team Members and have assisted them in their career growth.
- Worked as an Individual resource thus managing Full Pixie application from tester end during all phase of the execution

Education

Bachelor of Engineering (IT)

University of Pennsylvania *Aug 2010 - May 2014*
