I successfully combined my studies with work and other commitments showing myself to be self-motivated, organised and capable of working under pressure. Currently, I am developing a product with angular.js and node.js with my company. Product's name is Vision. We use the mongoDB as database, git as source control and do business distribution through Azure.

Skills

| | | | |
|--------------|---|------------|---|
| C# |  | Node.js |  |
| JavaScript |  | Angular8 |  |
| Asp.net(Mvc) |  | MongoDB |  |
| Angular.js |  | Oracle |  |
| Python |  | SQL Server |  |
