Charles Alexander

SENIOR AUDITOR

OBJECTIVE

CPA with more than 8 years experience as an auditor and accountant seeks to become the new Head Auditor of Arment and Sons Property Developers, Inc. I have 4 years prior experience as an auditor in the real estate industry and I am updated on developments, trends, competition, and legislation.

EXPERIENCE

Financial Auditor (Senior Auditor)

Oct 2017 - Present

Price Water Group

- Performing financial and internal audits of private sector and government companies in accordance with applicable IFRS and Capital Market Boards of Turkey standards, participate in preparation of audit reports for those projects; investigating internal control of clients in order to determine areas that weaken audit procedures.
- Broad client base including Capital Market Board (CMB) clients operating in construction, technology services, manufacturing, cement and several industries.
- Responsible for planning and execution of the financial audits for public and private clients in compliance with IFRS and CMB, including quarterly and annual basis, audit testing strategies, performing walkthroughs, testing internal controls and preparation of financial statements.
- Communicate effectively with client personnel at all levels, from staff accountants through CFOs, and with engagement team members from staff through partners.
- Completing and planning audit processes (such as understanding and evaluating significant sources of information, testing controls and performing substantive procedures), identifying areas of audit significance and documenting higher-risk areas.
- Perform reviews of audit documents, identify accounting and auditing issues and perform research to solve those issues.
- Attended to several stock counts
- Supervised, coached, and provided on the job training for associates and interns as an incharge.
