

Ridian aims to simplify navigating investing in crypto and web3 by building an interoperable platform that supports TradFi, CeFi and DeFi components in a single interface. Our products help the user to invest in crypto through algorithmic investment strategies backed by our unique crypto expertise. Each strategy offers responsive investing that helps keep up with a 24/7 market.

The Ridian Blockchain Select strategy offers exposure to a diversified portfolio focused on the ten largest cryptocurrencies by market cap trading on a given crypto exchange.

This strategy provides a long-only investment across a broad set of assets, following a daily rebalancing logic.
